“We joined PracticeWell in 2009 and it is one of the best decisions our clinic has made both from business and clinical aspects. They offer excellent pricing and timely information provided by a very organized, responsive and friendly staff whose customer service makes us almost feel like family. Our travel medicine clinic has been in business for over 25 years, providing immunizations and travel advice to individuals and businesses—thus vaccine purchasing is our biggest cost and PracticeWell has saved us tens of thousands of dollars.

We could not be more pleased with their array of services and recommend PracticeWell to any medical practice.

Brian G. Terry, MD
