Simply put, CBT is ahead of the crowd. They are a true systems integrator who has invested in the future of technology: edge-centric, cloud-enabled and data-driven. When we committed to investing \$4B in the Intelligent Edge, we had confidence because of partners like CBT, who have the talent to help achieve our vision of what's next.

ANTONIO NERI

President & CEO,
Hewlett Packard Enterprise

About CBT

CBT is a premier, woman-owned domain expert integrator breaking the mold of traditional technology solution design. Our digital transformation strategies bridge the gap between information technology (IT) and operational technology (OT) to provide business outcomes beneficial across the entirety of an organization. From the CIO, to the COO, to Digital Transformation Leadership and everyone in between, we deliver solutions that unite these unique business cultures for collective success in today's data-driven economy.

At CBT, we take our tag line to heart: Delivering Technology with a Human Touch. We put people at the center of our process, products and technology solutions. With the focus areas of Industrial IoT, HPC & Analytics, Hybrid IT and IT Supply Chain Optimization, we're ready to take your innovation initiatives from ideas to execution.
