visit ncsa.illinois.edu/about/jobs
or email NCSA-HR@illinois.edu.

I ILLINOIS
NCSA | National Center for
Supercomputing Applications

Learn the ropes of working in a cutting-edge high-performance computing (HPC) center while further developing your technical skills with an assistant-level position at NCSA. Assistant-level employees work closely with managers and other team members, gaining hands-on experience in the different cyberinfrastructure areas integral to HPC environments.
