Purchase and manage your PREP subscriptions all in one place...shopAAP!

Are you ready to place your order? You can easily purchase your subscription online at **shop.aap.org/prep**. Just log on to our secure site using your AAP ID and password.

You can also manage all your existing subscriptions, update your account preferences, and access your digital content by going to **shop.aap.org/myaccount**

Browse through the following pages to find the subscription program that best meets your lifelong learning needs. You'll also find information on related journals, publications, and CME courses. When you're ready to purchase, head over to **shop.aap.org** for quick, secure online ordering.

**2021 subscription access
begins in January 2021.**

INVEST IN YOUR FUTURE WITH PREP!

It is getting harder and harder to dedicate time for your own continuing education. How do you decide what is the best resource in an ever-growing landscape of choices? How do you decide what is worth your investment in time and money?

With a PREP subscription, you will be able to tap into expert-created review materials and keep up with current information. Subscriptions deliver relevant content that mirrors patient encounters. But above all, with PREP you can feel confident that you are getting quality content from a trusted source, the American Academy of Pediatrics. Plus

- New content is written every year including a wide range of relevant clinical case-based topics.
- Easy online renewal process—stay on track and get new content as soon as it is available.
- Online features make it easy to study at your own pace including alerts that sends content directly to your phone or inbox.
- You can access content online for up to 3 years from initial publication date to refresh or review topics. (2021 products available through December 2023)

- Save money with popular packages that combine self-assessment questions with award-winning journals (PREP The Curriculum & NeoReviewsPlus).
- Subscribe with your colleagues or entire office and save with group discounts.

Take a look at the programs and topics covered for the 2021 subscription year listed on the following pages and make the investment in your future today!

Save with Popular Subscription Packages!

Are you interested in comprehensive learning that combines case-based PREP Self-Assessment questions and evidence-based journal articles? Check out our subscription packages that bundles both PREP & journal content at substantial savings over individual subscription rates.

PREP® The Curriculum is a comprehensive review package that brings together 2 of the most popular AAP resources. Written by clinical experts and trusted by pediatricians and pediatric professionals around the world, **PREP The Curriculum** is available in both print and online-only formats and includes features designed to provide an interactive learning experience.

PREP identifies areas for further study with relevant case-based content that mirrors patient encounters.

PREP® Self-Assessment

- MOCA-Peds content dashboard points to content that is relevant to the American Board of Pediatrics (ABP) MOCA-Peds objectives.
- Practice test gives access to bonus MOCA-Peds content.
- Customize allocated time per question and exam content in practice-test module.
- Enhanced peer-reporting data.
- PREP Pearls summarize key practice points and reduce your final review time.
- Includes direct links to *Pediatric Care Online™* (PCO) resources.*
- MOC points transfer to the ABP on completion.
- Confidence-rating reports identify areas for further review.
- Email and text alerts deliver content to your phone or inbox.

*PCO subscription needed in order to access full content.

Pediatrics in Review®

- Review articles mapped to ABP content specifications.
- Index of Suspicion case presentations.
- Visual Diagnosis case presentations.
- In Brief articles condensing important content from published pediatric abstracts.
- Online CME quizzes and a print issue answer key.
- Teaching slides by authors for use as a teaching aid for review articles.
- Online article library dating back to 1979.
- Current PDF monthly issue downloads.
- LENS online article reader with side-by-side article and image/figure scrolling.
- Journal Insights monthly emails.

PREP® THE CURRICULUM 1-year subscription includes

PREP® Self-Assessment

Including 240 case-based questions with detailed explanations supporting the preferred response, along with a discussion of why other choices are incorrect.

12 issues of *Pediatrics in Review*®

Published monthly with case-based articles that aid clinicians in the proper identification of differential and actual diagnoses as well as therapeutic management of diseases and disorders

Maintenance of Certification (MOC) Information

The general pediatrics 2021, 2020 and 2019 PREP® Self-
Assessments are approved for 40 points of MOC Part 2
credit by the American Board of Pediatrics through the
AAP MOC Portfolio Program.

2021 PREP® Subspecialty Self-Assessments (pages 6–12)
are approved for 18 points of MOC Part 2 credit by the
American Board of Pediatrics through the AAP MOC
Portfolio Program. The self-assessment component of
NeoReviewsPlus™ is approved for 24 points of MOC Part 2
credit. PREP Hospital Medicine is approved for 26 points of
MOC Part 2 credit.

NeoReviews™ is approved for 10 points of MOC Part 2 credit
by the American Board of Pediatrics through the AAP MOC
Portfolio Program.

Pediatrics In Review® is approved for 30 points of MOC Part
2 credit by the American Board of Pediatrics through the
AAP MOC Portfolio Program.

All approved activities must be completed by the MOC
Credit Approval End Date. All deadlines and MOC point
values should be confirmed by checking the ABP Activity
Catalog within each physician's ABP portfolio. Consult
your ABP portfolio at www.abp.org for details about your
specific certification requirements. For questions about
how to access this activity, contact MOCPortfolio@aap.org.

To claim credit and find information on how to notify the
ABP of your completion, refer to the Claim Credit pages of
the self-assessments.

Please note: To claim MOC credit, subscribers must
initiate transmission of MOC credits after all assessment
questions have been completed and the established
minimum passing score has been achieved in the online
learner mode. A record of MOC credit claiming activity is
located in the Manage ABP MOC Credit section of the AAP
Transcript and Credit Management Tool.

for MOC at aap.org/mocinfo

CME Credit Information

The American Academy of Pediatrics (AAP) is accredited
by the Accreditation Council for Continuing Medical
Education (ACCME) to provide continuing medical
education for physicians.

The AAP Policy on Disclosure of Financial Relationships
and Resolution of Conflicts of Interest is designed to
ensure quality, objective, balanced, and scientifically
rigorous AAP CME activities. All individuals in a position to
influence and/or control the content of AAP CME activities
are required to disclose to the AAP and subsequently
to learners that they have either no relevant financial
relationships or any financial relationships with the

manufacturer(s) of any commercial product(s) and/
or provider(s) of commercial services discussed in CME
activities. All potential conflicts of interest are identified
and resolved prior to an individual's confirmation of
service at an AAP CME activity. Beyond disclosure of
financial relationships, AAP CME faculty are required to
disclose to the AAP and to learners when they plan to
discuss or demonstrate pharmaceuticals and/or medical
devices and/or medical or surgical procedures that involve
"off-label" use of a device or pharmaceutical. The AAP
is committed to providing learners with commercially
unbiased CME activities.

*The content of these CME activities does not necessarily reflect
the views or policies of the AAP.*
