

Screening Technical Assistance & Resource Center

Child Development • Maternal Depression • Social Determinants of Health

The STAR Center is a one-stop destination for resources to help your busy practice improve screening, referrals, and follow-up for child development, maternal depression, and social determinants of health.

The STAR Center offers:

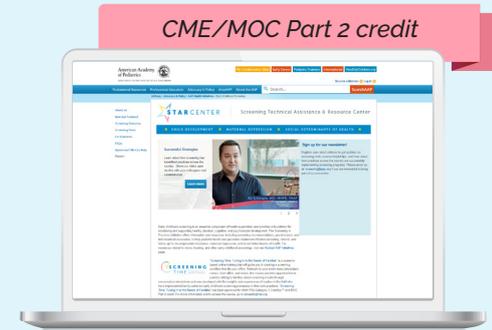

**Screening  
recommendations  
and resources**

**Referral  
resources**

**Workflow resources,  
including billing and  
coding information**

**Free self-paced, video-  
based training on the  
screening process**
