Mayo Clinic Children's Center

For 150 years, Mayo Clinic has provided trusted answers for children and their parents. The Mayo Clinic Children's Center is comprised of providers from over 40 medical and surgical specialties, all focused on your patients' needs. Each year, our team provides care for more than 50,000 children and teens, applying everything we know to help you and your patient navigate the most common and complex situations. We are honored to be ranked in all of the US News & World Report pediatric specialty categories and are the highest ranked children's hospital in Minnesota and across the region from Iowa, Wisconsin, and the Dakotas. Mayo Clinic in Rochester, MN, is a Level 1 Pediatric Trauma Center. For more information about referring a patient to the Mayo Clinic Children's Center, visit mayoclinic.org/medicalprofs.
