

Fetal and Pregnancy Health Program

The Fetal and Pregnancy Health Program at Stanford Children's Health provides comprehensive, coordinated care for complex fetal diagnoses and pregnancies. We provide a full range of prenatal diagnostic modalities, consultation, and maternal-fetal therapy, combining expertise from specialists in maternal-fetal medicine, neonatology, perinatal genetics, pediatric radiology, surgery, cardiology and other pediatric subspecialties.

Program
established in
2009

3,400+
Patients
