

# Rx Interceptor & Rebates Program

## Gain bottom-line savings on prescription drug and medical costs

The Prescription Drug Interceptor Program is designed to target select high cost specialty drug utilization over a particular threshold, within your existing prescription drug programs.

### Rx Interceptor Program with Stop-Loss

Medication management prescription savings program for individuals in self-insured plans seeking to reduce prescription claims spend by as much as 100%.

- We collaborate with a pharmaceutical manufacturer advocacy company to help eligible individuals qualify for prescription savings programs for high cost specialty medications.
- Prescription Savings experts manage the entire process including communications for the outcome of every medication in our program.

### Rx Interceptor Rebates Program

Pharmacy Benefit Management (PBM) carve-out with Integrated Prescription Drug Interceptor Program.

- Robust new contract (Rx Rebates up to 100%)
- Deep discounts (progressive 2nd and 3rd year)
- Full annual Pharmacy Performance audit
