" govMeetings took a lot of work off my plate, and it made things clearer for the public. We have enhanced civic engagement, increased transparency, and improved accessibility. "

– Laura Reams, City Clerk, Hyattsville, MD

The Challenge

As a clerk or meeting manager, you have many responsibilities. But the public meeting process — preparing, getting approvals, compiling agendas, sharing results, and much more — consumes much of your time. Unable to focus on the work you value most, your day is spent on manual meeting processes that are outdated, inefficient, and costly. Finally, one of your most important audiences, the citizens, struggle to stay informed.

What If You Could...

✓ **Reclaim time** to focus on what matters by automating manual meeting processes?

✓ **Run meetings effortlessly** by capturing minutes digitally, tracking motions and votes, and streaming video?

✓ **Better serve your constituents** by giving them one digital place with everything they need to participate?
