

COVID-19

Return to Work Services

The unknown transition process from “isolation” to “open for business” presents numerous challenges to business owners and is most likely not covered in your continuation of operations plan. T&M can help you identify and manage COVID-19 risks to protect your employees, their families, clientele and your communities.

WHO CAN T&M HELP?

Offices, Manufacturing, Municipalities, Healthcare, Warehouses, Schools, County Agencies, Utility Authorities, and Water Treatment Facilities

WHAT COVID-19 SERVICES DOES T&M PROVIDE?

Customized COVID-19 Return to Work Plan reviews or Plan Development that may include all or some of the following services:

- Risk assessments;
- Employee screening;
- Decontamination or disinfecting services to include post cleaning IH sampling;
- Work process evaluation and employee hygiene protocols;
- COVID-19 Building Occupancy communications;
- Continuous indoor air purification with bi-polar ionization;
- Enhance air filtration
- Employee work area preparedness; and
- Fit testing if employees wear N95 masks

WHERE CAN T&M PROVIDE THESE SERVICES?

Across the metropolitan USA.

WHEN SHOULD YOUR COMPANY ENGAGE T&M?

Now is the time to have a plan as we are starting to reach the peak of the curve in some areas and businesses and government services will begin to re-open.

WHY T&M?

T&M's Health, Safety & Industrial Hygiene Practice is comprised of industry experts who specialize in workplace safety, industrial hygiene, workplace risk assessments and indoor air quality . Our team consists of a Certified Industrial Hygienist and Certified Safety Professionals. Our depth of experience and knowledge can be of service to you in developing a customized Return to Work Plan with the safety and health of your employees as well as sustainability of your operations at the forefront.

WHAT IS THE VALUE OF THIS SERVICE?

A comprehensive and smooth transition from “Isolation” to “Open for Business” in conformance with applicable guidelines and regulations to protect your employees and clientele during this unprecedented time.
