

Health & Safety Products for First Responders

- Disposable Toilets
- Portable Lavatory Systems
- Personal Cooling Systems
- Hydration

Seconds are Crucial. Public Image is Essential.

Keep your team in the field and out of the public eye when nature calls with Brief Relief disposable toilets and portable lavatory systems. Besides being safe, convenient and sanitary options for men and women, using the products can help your team members avoid being seen doing an act of "indecent exposure" by the public, cell phone cameras and news crews.

The personal cooling systems and hydration products help keep your crew safe and comfortable in even the most stressful conditions.

BR608

Brief Relief Disposable Urine Bag*

Case of 100

NSN: 4510-01-379-0177

For liquid waste. Each pouch contains a proprietary blend of polymers and enzymes which absorbs liquid waste and odor until they are fully contained in a gelled state. The snap-top closure opens with a locking handle to keep hands from coming in contact with the waste. The one-way funnel design directs the liquid to the bottom of the pouch and prevents spills. After use, the leak-proof top can be snapped shut and the entire pouch, along with the supplied antimicrobial wipe, disposed of in any trash container.

BR500

Disposa-John Portable Restroom*

Case of 100
(10 bags of 10)

NSN: 4510-01-379-1341

For liquid and solid waste. The bag-in-bag design contains a proprietary blend of polymers and enzymes which absorbs odor along with solid and liquid waste until they are contained in a gelled state. The inner grey bag pulls up over the Commode seat for added sanitation. The outer silver foil bag is constructed of a 3-layer barrier laminate to trap in odor. After use, the ziplock closure securely contains the waste, and the bag can be disposed of in any trash container. Each bag comes with toilet paper and an antimicrobial wipe.

TT-Case

TowTab Case

Case of 10

A compact biodegradable towel tablet that turns into an all-natural, biodegradable and additive-free towelette with just a pinch of water. Each towelette starts as a 3/4-inch in diameter tablet and turns into an 9" x 12" towelette with water. Comes in a 4 compartment case with a water tank and refill roll of 10 TowTabs. No sting, no dried out skin, no slimy feeling after use and no dried out wipes at the bottom of the box.
