 PO Box 370, Woodbury, CT 06798

Our holiday
 products are all
 made in the U.S.A.

Giant Holiday Trees

Heavy duty steel frame that ships in sections. Individual branches connect to frame interior.

Frame sold in 2 foot increments. Standard attachments for all tree sizes allow you to add more height to your tree in future years.

Base diameter is approx. 40% of tree height.

Our holiday greenery is all made in the U.S.A.

Lush 3-ply foliage

520 tips per branch

Available in heights of 4' to 100'+

Branches shown on reusable shipping/storage rack. Available upon request, call for pricing. Racks made from recycled steel.

All frames are powder coated (not painted) to match foliage.

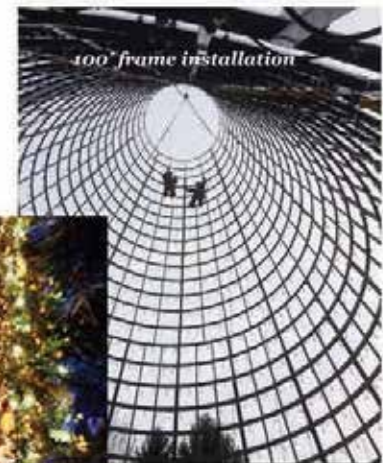

Frames can be modified for Walk-In or Walk-Thru access

Lighted interior foliage can create a Magical space inside the tree

Base of 100' Aluminum frame tree

100' frame installation

100' tree installed

Holiday Wreaths

Available single-sided for wall mounting or double-sided for pole mounting or hanging from the ceiling. Wreath decorations are optional and customizable. Sizes 36" and up. Our largest wreath to date measures 40 feet!

Light Pole Banner Hardware

PoleGear Trimline Bracket Sets

Sizes: Base units are 2" x 5" high. Standard arm lengths up to 36" long.

Styles: Fixed bracket system holds banners up to 10 square feet.

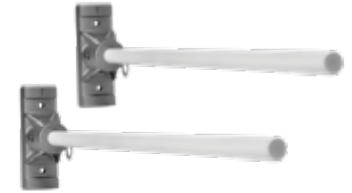

Construction: Heat treated cast aluminum alloy with removable fiberglass arm (clips to base with cotter pin). Bases available in silver or black.

Installation: Installs on light pole with worm-gear banding rings. Easily adjusts by loosening band with screwdriver.

Warranty: 2 year pro-rated on base mounts. Wind gusts over 80 mph negate warranty.

Weight: 5 lbs. per set.

Delivery: As fast as 7 business days.

PoleGear Eclipse Bracket Sets

Sizes: 3"x7.25" baseplate gives maximum contact with pole.

Features: Fiberglass arm units slide easily into base mount. Easy installation and banner change-out. Holds banners up to 30" wide. Withstands up to 80mph winds.

Construction: Cast aluminum alloy.

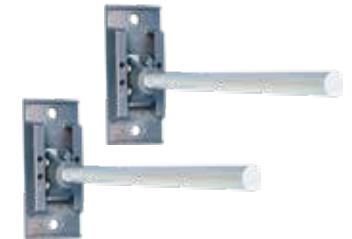

Color: Available in silver only.

Warranty: 7 year pro-rated on base mounts only.

Wind gust over 80 mph negate warranty.

Weight: 5 lbs. per set.

Delivery: As fast as 7 business days.

PoleGear Vintage Bracket Sets

Sizes: Standard pole lengths are 30". Can be cut to any size <30".

Custom sizes available. Arms are 3/4" diameter.

Features: Eliminates banding around the lamp post.

Construction: Powder coated steel.

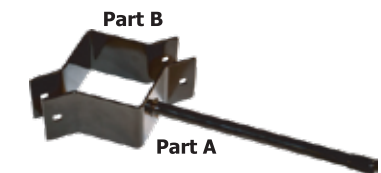

Installation: Installs on lamp post with two part system (A & B) using lag bolts that attach the two parts around the post.

Options: Neoprene pads available to cushion pole where hardware is attached.

Warranty: 5 year pro-rated

Weight: 5 lbs. per set.

Delivery: 3 weeks

PoleGear Spring Loaded Bracket Sets

Features: Brackets adjust to the direction and speed of the wind, from everyday 25 mph breezes to 70 mph storms

Construction: Brackets are engineered with a two-piece cast aluminum base, a spring-tensioned assembly that responds to wind, and a sleeved, removable fiberglass arm.

Color: Silver (can be custom powder coated upon request)

Advantages: Light pole banner liabilities are reduced. Maintenance and repair costs — for light poles as well as banners — are cut to a minimum

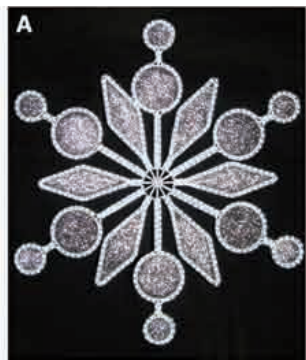

Sizes: Available in different sizes to match your banner size and wind load

Delivery: 3 weeks
