

A man with a beard, wearing a plaid shirt and a dark apron, is smiling while looking at a tablet. He is standing in a modern cafe or restaurant. In the background, there is a wooden table with various glassware and bottles. To the right, a glass partition with white line-art illustrations of kitchen items like a carrot, a fork, a strawberry, and a bottle is visible. The floor is dark and reflective. A white silhouette of a city skyline is overlaid at the bottom of the image.

INTERACTIVE ZONING MAP

Map out new growth opportunities
in your community

**GENERAL
CODE**

GeneralCode.com | 800.836.8834

MapLink™

powered by ZoningHub™

**Show where your community can grow
with simple, online access to zoning code details**

MapLink, a Visual Zoning™ service, makes it easier for businesses, developers and residents to understand your community's zoning code requirements in an interactive map from ZoningHub.

**Quickly find property details that can help answer
key zoning questions**

"What can I do with my property?"
"Where can I open my business?"

Spur community development

See usage details like dimensional standards, allowable uses and zoning district intent for a specific piece of property.

Stay linked to your most current zoning information

When your municipality's zoning code is amended, the data is simultaneously updated in *MapLink*. You'll always work with the most accurate zoning requirements and your municipal staff won't have to lift a finger.
