

NJDOT Design Assistance Program

The Design Assistance Advantage

For construction grants selected, NJDOT makes available a pool of design firms that your community may use to design the project.

- Saves your community money.
- Saves your community time in procuring a design firm.
- Improves quality and performance.
- Shortens review times.
- Improves compliance with federal and state requirements.

Did you know that NJDOT will fund engineering under the following pedestrian and bicycle grant programs?

Transportation Alternatives

NEW JERSEY Safe Routes to School

Current funding limitations, subject to adjustment:

\$400k for Safe Routes to School Design Assistance Contracts

\$430k for Transportation Alternatives Design Assistance Contracts

How does it work?

1. Select a firm from the NJDOT pool based on limited criteria outlined by NJDOT.
2. Develop a scope of services and jointly approve a consultant fee proposal with NJDOT.
3. Execute a contract directly with the selected firm.
4. Start work.
5. Receive reimbursement for incurred eligible costs.
