## MEMBERS GET A \$\$ BREAK, ANOTHER GOOD REASON TO JOIN

The cost to take a certificate course is discounted for ASRM members and groups who register together.

- Click [here](#) to join ASRM
- Contact our Education Team to find out more about a group discount for online learning @ [education@asrm.org](mailto:education@asrm.org).

## WHAT EXACTLY IS A CERTIFICATE COURSE?

Certificate courses:

- Are **MULTI-MODULE** (range from 8 to 43 modules, depending on the course),
- **TARGET** the needs of a learning group (nurses, genetic counselors, REIs, residents, etc.),
- **OFFER** continuing education credits of various types (see the individual courses to see what kind and how many),
- Are **AVAILABLE** on demand for 1 year from date of purchase, and, most importantly,
- Are **TRUSTWORTHY**. They are developed by experts in the field, peer-reviewed, congruent with ASRM Practice and Ethics Committee publications, and reviewed/updated every 3 years
