Meeting Your Learning Needs at Every Stage of Your Career

Whether you are a first-year resident or a pediatrician with decades of experience, PediaLink®, the AAP Online Learning Center, will expand your knowledge, improve your care, and manage your learning activities. Sign into pedialink.org with your AAP login and password to access customized features.

Medical Students

- Get access to board-style pediatrics questions with detailed explanation and references for further study.
- Discover medical career training tools designed to assist with preparation for residency programs.
- Create an individual learning plan (ILP) utilized by many pediatric residency programs.

Residents

- Document compliance of Accreditation Council for Graduate Medical Education (ACGME) milestones.
- Access 3 years of PREP® Self-Assessment questions with your subscription.
- Build individualized learning plan, submit to your program director or advisor, and view feedback online.
- Take an EQIPP course, meet quality improvement requirements, and bank MOC Part 4 points.

Fellowship Trainees

- Document scholarly activity projects and view feedback from your Scholarship Oversight Committee.
- Create quality improvement projects and submit them for review and feedback.
- Get free access to teaching tips, basic procedure videos, and more all available in the PediaLink Teaching and Learning Resource Center.
- PREP subspecialty self-assessments are now included with trainee membership. To learn more, visit **shop.aap.org/prepfellows.**

Program Directors

- Monitor learning plans of residents and fellows as they progress through training.
- Manage resident and fellowship program rosters and administration assignments.
- Track, document, and submit reports showing resident compliance with ACGME milestones.
- Track and document scholarly activities, learning plans, and more, all in one place.

Access to PediaLink is a member benefit.

PediaLink has resources to help make you a better teacher, mentor, role model, pediatrician and supervisor!

What Participants Say About EQIPP

❝ *Thank you so much for the clinically appropriate and easily accessed way to fulfill MOC 4 requirements and to start to think about how best to improve quality. I now consider, watch, and wait for discussion more frequently—and I do think these lead to less frequent prescribing of antibiotics.* ❞
   —*Katherine Herz, MD, FAAP*

❝ *These courses help us advance best practices and track results in real time.* ❞
   —*Susan Voss, MD, FAAP*

These activities have been approved for *AMA PRA Category 1 Credit™*.
