

ADHD... CNS DISORDERS... NEW APPROACHES, DIVERSE PORTFOLIO

Supernus Pharmaceuticals, Inc. is focused on developing and commercializing products for the treatment of central nervous system (CNS) diseases.

Our extensive expertise in product development has been built over the past 25 years - fueling the success of more than 10 widely recognized products. We are dedicated to the goal of improving the treatment of CNS disorders, including attention-deficit/hyperactivity disorder (ADHD), bipolar disorder, epilepsy, migraine, and Parkinson's disease.

**PROUDLY SUPPORTS THE
2020 AMERICAN ACADEMY OF PEDIATRICS NATIONAL CONFERENCE.**
