

Why Choose  
RFP Solutions for  
Your Public  
Schools

**RFP**  
SOLUTIONS INC.

## **RFP Solutions is the smart choice for implementing new technology in public school districts.**

### **About RFP Solutions**

RFP Solutions, Inc. is a New Jersey corporation with over one hundred years of combined technical experience. Since 1998, RFP Solutions has designed and installed over four hundred telecommunication systems and one hundred data cabling infrastructures on PK-12 school Campuses. We employ fourteen manufacturer-certified technicians with a fleet of fourteen service vehicles. We are certified by the New Jersey Building and Construction Department and the School Construction Corporation to have 5 million dollars of projects on going at one time. We are a New Jersey State contract vendor for telecommunications, data electronic, and CCTV/Security products and services.
