Microsoft Quantum at SC20

The Microsoft Quantum team is excited to participate in SC20; please join our scheduled conference workshop, panel and session (see below), and swing by the Microsoft virtual booth Tuesday-Thursday to speak directly with engineering leads from our team who will be staffing the booth each day.

Workshop: Visualizing High-Level Quantum Programs

Panel: Exotic Computation and System Technology: 2006, 2020 and 2035

Session: Running Quantum Programs at Scale through an Open-Source, Extensible Framework

Microsoft Quantum booth hours (all times are Eastern time):

- Tue, Nov16- 2:30p-5p
- Wed, Nov17- 12:30p-2:30p
- Thu, Nov18- 10a-12:30p
