

Leksell GammaPlan® Remote

A flexible approach to SRS treatment planning **Anytime, Anywhere**

Leksell GammaPlan® Remote

A flexible approach to SRS treatment planning
Anytime, Anywhere

- Enables off-site planning and screen sharing for collaborative plan review and approval of Leksell Gamma Knife® treatments
- Remote access solution available for Leksell Gamma Knife® Icon™ and Leksell Gamma Knife® Perfexion™

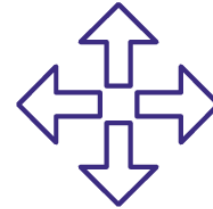

Leksell GammaPlan® Remote

**Flexible
access**

**Effortless
Collaboration**

**Boost
Referrals**

Leksell GammaPlan® Remote

Flexible access

Remote access to your GammaPlan
Anytime, Anywhere enables off-site
planning, plan review and approval

Secured network access for computers
outside the Icon/Perfexion network that
require remote access

Leksell GammaPlan® Remote

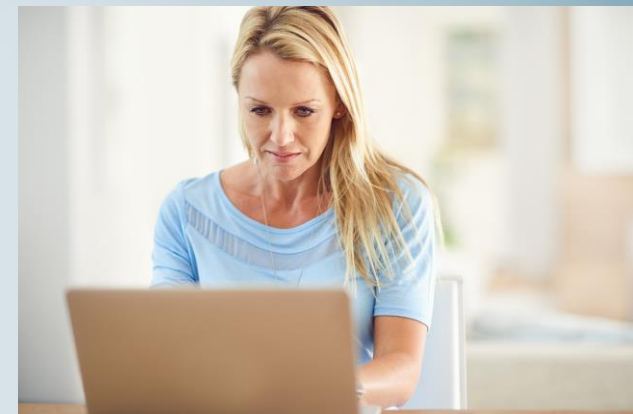

Effortless collaboration

Remote screen sharing enhances clinical collaboration and remote learning during multi-disciplinary team meetings and tumor boards

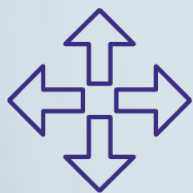

Easy access to GammaPlan improves participation in clinical decisions and informed discussions with your patients during consultations and follow-ups

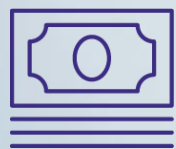

Leksell GammaPlan® Remote

Boost Referrals

Boost patient referrals from physicians outside of the Gamma Knife network by increasing involvement in patient treatments

Expand opportunities for income generation through new referral channels

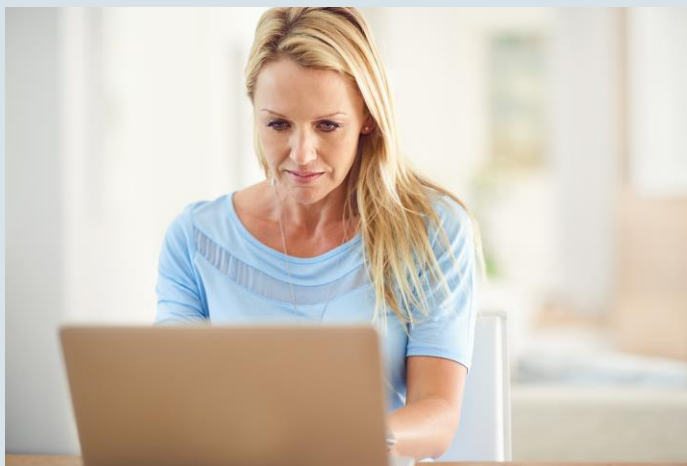

Leksell GammaPlan® Remote

Provides clinicians and hospitals with extended possibilities

**Flexible and
secure access**

**Effortless clinical
collaboration**

**Expanded opportunities
to boost patient referrals**
