

# Neuro-Oncology Care Done Differently at Nationwide Children's Hospital

## Internationally Respected Leadership

Maryam Fouladi, MD, MSc, FRCP, an internationally known expert in pediatric brain tumors, has joined Nationwide Children's as co-director of the Neuro-Oncology Program alongside neurosurgical co-director Jeff Leonard, M.D. Together to continue to lead an unprecedented program built by previous co-director and Nationwide Children's Head Start Clinical Trials PI Jonathan Finlay, MB, ChB, FRCP.

## World Renowned Research Programs

Nationwide Children's is connected and well represented in national pediatric neuro-oncology consortiums including:

- Collaborative Network for Neuro-oncology Clinical Trials (CONNECT)
- NEXT Consortium and Head Start Clinical Trials
- Pediatric Brain Tumor Consortium (PBTC)
- Pacific Pediatric Neuro-Oncology Consortium (PNOC)
- Children's Oncology Group (COG)
