

Pediatric Patient Education™

Expert advice from the American Academy of Pediatrics

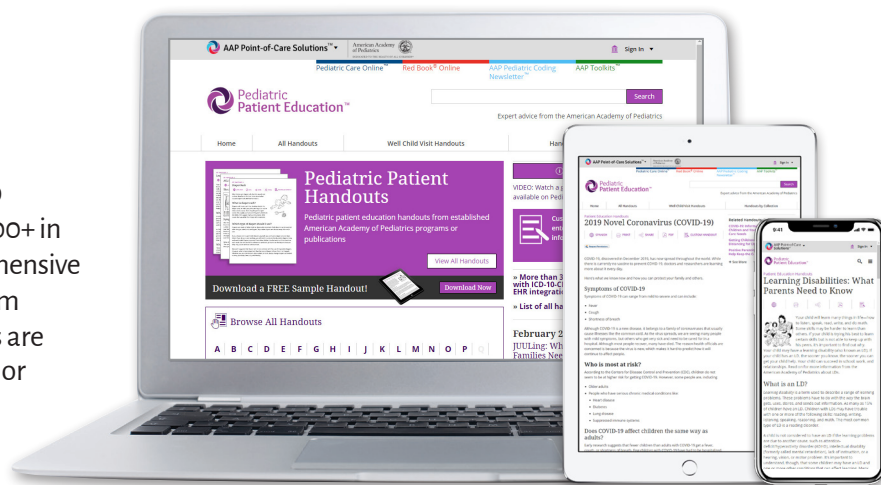

When patients and parents have questions, we have the answers.

Instant access to trusted patient education!

Pediatric Patient Education puts **more than 800 pediatric health care handouts** (including 300+ in Spanish) right at your fingertips. This comprehensive resource covers topics and well-child visits from birth through young adulthood. All handouts are customizable and can be emailed to parents or printed as needed. Perfect for busy practices.

This rich content includes must-have collections such as

- **New!** Eleven key handouts translated into 12 languages including Chinese (Mandarin), Arabic, and Polish
- **New!** COVID-19–related patient handouts including 2019 Novel Coronavirus and other topics such as social distancing and working and learning from home
- Schmitt Pediatric Care Advice patient education collection of more than 280 symptom and diagnosis-based handouts from leading telehealth expert, Barton D. Schmitt, MD, FAAP
- Vaccine Information Statements
- Connected Kids violence prevention program
- *Managing Behavioral Issues in Child Care and Schools*

- Bright Futures parent/patient handouts
 - Educational handouts written in plain language about what to expect at each well-child visit to help walk through anticipatory guidance and reinforce key messages for patients and their families
- *Managing Chronic Health Needs in Child Care and Schools*
- *Managing Infectious Diseases in Child Care and Schools*
- Replace with ADHD Toolkit patient education handouts
- TIPP®—The Injury Prevention Program
- Autism Spectrum Disorder Toolkit patient education handouts
