Lactation Consultant Examiners

IBCLC® CARE AWARD

Demonstrating Lactation Care Excellence

The International Board of Lactation Consultant Examiners® (IBLCE®) and the International Lactation Consultant Association® (ILCA®) continue to recognise hospital-based facilities and community-based agencies that have currently certified International Board Certified Lactation Consultants® on staff and a dedicated lactation programme.

Plan to be a recipient next year!

For more information and to apply online, visit www.IBCLCcare.org.

Why Apply?

As an IBCLC Care Award recipient, your facility demonstrates a commitment to ensuring all families have the care, tools, and resources they need to understand and reach their breastfeeding goals. In addition:

- IBCLC certification affirms that your lactation professionals have the specialised knowledge and skills required to provide excellence in lactation care for new families.
- The recognition gives your facility a competitive edge in recruiting skilled lactation consultants, nurses, midwives, mother support counsellors, and other health care practitioners.
- Your demonstrated commitment to the health and well-being of families nurtures a sense of community support and goodwill.
- Your facility will be included in the online IBCLC Care Directory, increasing your reach into the community and helping support your goals.

The award recognition is valid for two years; facilities and agencies must reapply before their expiration year to continue being listed in the IBCLC Care Directory.
