American Academy of Pediatrics

DEDICATED TO THE HEALTH OF ALL CHILDREN®

AAP News & Journals Gateway gateway.aap.org

The American Academy of Pediatrics (AAP) publishes research journals that have a profound impact on the delivery of health care to children worldwide. In 2019, more than 13 million people viewed AAP Journals content online.

AAP Journals Offering CME & MOC Credit

Pediatrics in Review® • NeoReviews™ • AAP Grand Rounds™

All AAP CME journals offer paid, calendar-year individual subscribers the opportunity to earn ABP-approved MOC Part 2 points annually.

All approved activities must be completed by the MOC credit approval end date. All deadlines and MOC point values should be confirmed by checking the American Board of Pediatrics (ABP) activity catalog within each physician's ABP Portfolio.

Consult your ABP Portfolio at abp.org for details about your specific certification requirements. For questions about how to access these activities, contact MOCPortfolio@aap.org or visit aapublications.org/content/moc-credit.

NEW in 2021! CME While You Read

Complete regular monthly quizzes or answer CME questions now embedded at the article level online!

Member Value

Pediatrics® • AAP News™

While AAP News and *Pediatrics* are included as a benefit of membership, if you are unable to join the AAP, you may still subscribe to the flagship journal and newsmagazine. See page 15 for order information.

AAP News™

► aapnews.org

AAP News is the newsmagazine of the AAP, offering insights and analysis from today's leaders in pediatric medicine. Access breaking news from your device and catch up anytime, anywhere. Reading AAP News makes you an AAP insider and the first to know about new AAP policy, coding updates, health trends, infectious disease snapshots, outbreaks, practice transformation, and more!

PEDIATRICS®

► pediatrics.org

Pediatrics is the most-cited journal in pediatric medicine.

—Journal Impact Factor, Journal Citation Reports, Clarivate Analytics, 2020

Pediatrics provides the authoritative information you need to stay current with original, peer-reviewed research and evidence-based articles. Conduct new research studies, further education and training, and enhance your medical knowledge in pediatric patient care. The mission of *Pediatrics* has endured since the founding editor penned it in 1948: *"The content of the journal is intended to encompass the needs of the whole child in his (or her) physiologic, mental, emotional, and social structure."*

EDITOR // Lewis R. First, MD, MS, FAAP
DEPUTY EDITOR // Alex R. Kemper, MD, FAAP

Journal Features

- Official Policy and Clinical Practice Guidelines From the AAP
- Research Articles
- Advocacy Case Studies **NEW!**
- Case Reports
- Commentaries
- Diagnostic Dilemmas and Clinical Reasoning
- Ethics Rounds
- Family Partnerships
- Monthly Features
- Pediatrics Perspectives
- Quality Reports
- Research Briefs **NEW!**
- Review Articles, Systematic Reviews, and Meta-analyses
- Special Articles
- State-of-the-art Review Articles
- Video Abstracts

Online-Only
Price: \$165

Hospital Pediatrics®

► hospitalpediatrics.org

Hospital Pediatrics is the first journal dedicated to hospitalists and offers the tools to help provide quick, correct, and targeted medical interventions.

Journal Features

- Bending the Value Curve
- Brief Reports
- Essays and Commentaries
- Perspectives
- Quality Improvement Reports
- Research Articles

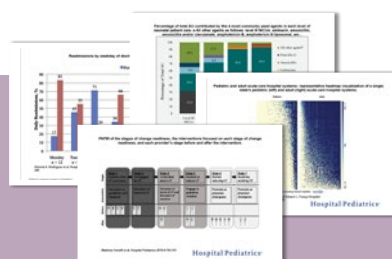

EDITOR // Shawn Ralston, MD, FAAP

DEPUTY EDITOR // Karen Wilson, MD, FAAP

Hospital Pediatrics articles are geared toward reducing length of stay and lowering readmission rates, optimizing patient safety and quality improvement, caring for children with medical complexity and chronic illness, overseeing pain management practices, enhancing communication among units and multidisciplinary care teams, reducing unnecessary testing, standardizing administration practices, training, coordination of care, discharge planning, and more!

Teaching Tools

Use downloadable diagnostic images and figures that include full journal article citations for easy reference and incorporation into teaching slides and presentations for colleagues or community/patient education.

The American Academy of Pediatrics (AAP) is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

The AAP designates this enduring material for a maximum of 18.00 AMA PRA Category 1 Credit(s)™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

This activity is acceptable for a maximum of 18.00 AAP credits. These credits can be applied toward the AAP CME/CPD Award available to Fellows and Candidate Members of the AAP.

The American Academy of Physician Assistants (AAPA) accepts certificates of participation for educational activities certified for AMA PRA Category 1 Credit(s)™ from organizations accredited by the ACCME. Physician assistants may receive a maximum of 18 hours of Category 1 credit for completing this program.

This program is approved for 18 NAPNAP CE contact hours; pharmacology (Rx) contact hours to be determined per the National Association of Pediatric Nurse Practitioners Continuing Education Guidelines.

This activity is approved for 18.00 points of MOC Part 2 credit by the American Board of Pediatrics through the AAP MOC Portfolio Program. All approved activities must be completed by the MOC Credit Approval End Date. All deadlines and MOC point values should be confirmed by checking the ABP Activity Catalog within each physician's ABP Portfolio. Consult your ABP Portfolio at www.abp.org for details about your specific certification requirements. For questions about how to access this activity, contact MOCPortfolio@aap.org or visit aapublications.org/content/moc-credit.

Pediatrics in Review®

► pedsinreview.org

Earn 30 MOC Part 2 points and 36 CME credits.

Pediatrics in Review is the best-selling clinically focused review journal from the AAP, trusted by thousands of pediatricians for the latest best practices in the world of pediatric medicine!

Journal Features

- Challenging Online CME Quizzes
- Exclusive Online-Only Case Reviews and Audio and Video Content
- In Brief Articles
- Index of Suspicion Cases (now full text in print)
- Review Articles
- Teaching Slides
- Visual Diagnosis Cases
- **NEW Chronic Conditions** quarterly feature

The annual subscription term for *Pediatrics in Review* is on a calendar basis, January through December. Subscribers have access to full-text articles and CME quizzes for up to 3 years from the purchased product year. To earn MOC Part 2 credits, you will need to complete 2019, 2020, or 2021 journal CME quizzes. Complete 10 issue quizzes (150 questions total) for journal CME credit, and upon achieving a 60% passing score, claim 30 MOC credits beginning annually in October.

EDITOR // Joseph A. Zenel, MD, FAAP

DEPUTY EDITOR // Hugh D. Allen, MD, FAAP

Practitioners choose *Pediatrics in Review* for the current diagnostic and therapeutic management of diseases and delivery of pediatric care.

Teaching Slides Online Directory

Download author-created slide presentations as a teaching aid accompanying review articles.

“PIR gives me in-depth insights into topics that are timely and may be confusing. It is highly applicable to practice and very helpful in structuring self-study projects.”

—Karen Kilian, MN, ARNP, CCRN

“The value of PIR is immense and allows me to keep up on the latest trends that make it into clinical practice, ie, sift through all of the literature out there with the true practice changing meta-analyses and systematic reviews that eventually become clinical practice guidelines.”

—MAJ Stephen E. Barbera, MD, FAAP

NEW IN 2021! CME WHILE YOU READ

EDITOR // Dara Brodsky, MD, FAAP

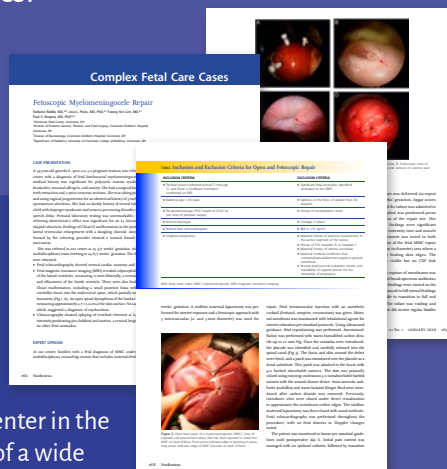

ASSOCIATE EDITOR // Josef Neu, MD, FAAP

Neonatologists and NICU teams in basic and advanced newborn care, subspecialty newborn care, and acute care choose *NeoReviews* for its quality features on significant neonatal care topics.

JOURNAL FEATURE |

Complex Fetal Care

New Complex Fetal Care journal cases include actual cases from a Fetal Care Center in the United States. Find initial presentation of a wide range of treatable fetal conditions, like congenital fetal airway obstruction, myelomeningocele, twin-twin transfusion syndrome, and bladder outlet obstruction, and detailed pregnancy course and fetal testing. Read expert opinions from neonatologists and other consulting specialist perspectives from surgeons, cardiologists, geneticists, neurologists, and ethicists, and learn about interventions, antepartum prognosis, and outcomes.

“NeoReviews gives me a complete review of the topic and the latest information I need to know.”

—Maliha Shareef, MD, FAAP

“NeoReviews is a good source to keep fund of knowledge up to date and useful when searching for review articles. The Index of Suspicion feature helps me see how other docs handle problems I encounter in the NICU.”

—Sheri L. Laird, MD, FAAP

Pediatric Collections: Autism Spectrum Disorder

Over the last 15 years abundant progress has been made in the awareness of, and research about, autism spectrum disorder (ASD). New information has come to light on the identification of ASD, the importance of early intervention, and disparities in treatment of children with ASD. Advances in genetics and genomics have confidently associated more than 100 genes and genomic regions with ASD. Find studies, expert recommendations, and practice pathways that inform pediatricians on practical ways to improve the lives of children with ASD and their families.

Online Access

On the AAP News & Journals Gateway, gateway.aap.org, you're just one click away from accessing the latest published articles and research—including full-text articles and PDF exports.

Access cross-journal and PubMed search; AAP eBook search; advanced journal author, key word, and citation search; and filters by publication, policy type, topics, and semantic topics.

What AAP Journals titles can I access online?

Our clinical research and news network combines all AAP Journals & Periodicals into one interactive interface with responsive design technology and powerful search across all titles, including

- ▶ *Pediatrics*®
- ▶ *Pediatrics in Review*®
- ▶ *Hospital Pediatrics*®
- ▶ *NeoReviews*™
- ▶ *AAP Grand Rounds*™
- ▶ *AAP News*™
- ▶ AAP policy
- ▶ Clinical practice guidelines
- ▶ Special supplements
- ▶ Digital Pediatric Collections
- ▶ Journal editor blogs
- ▶ AAP Career Center/PedJobs

How do I access AAP Journals online?

Individual Subscribers

When you subscribe to an AAP journal or periodical, you'll automatically receive access for the term of your subscription. To check your subscription status, renew an existing subscription, or order a new subscription, visit shop.aap.org/subscriptions and browse [My Account](#) or go directly to the AAP News & Journals Gateway at gateway.aap.org and log in with your AAP username and password. AAP Members receive *Pediatrics* and *AAP News* as benefits of membership.

Through Your Institution's Subscription

When your institution subscribes to an AAP journal or periodical, you'll automatically be "authenticated" by your computer's IP address, through your intranet, or through some other method. Access your institution's site license today at gateway.aap.org. Any user connecting from an authorized computer on your institutional network will be allowed access to AAP Journals online. You'll also see a note at the top of the page confirming you're signed in as part of an institution.

Manage your electronic table of contents.

Receive alerts of breaking news, research published ahead of print articles, electronic table of contents, and key word/author alerts at gateway.aap.org. Click on "Alerts" in the top navigation bar.

AAP Career Center

AAP Career Center is home to the monthly job board, *PedJobs*. Set up a free account today! Also, find seasonal online virtual career fairs that help foster connections and networking with the nation's top physician recruiters.

careercenter.aap.org

Mark your calendars!
