

Unlock the power of the Interstate Medical Licensure Compact.

Understanding the compact.

The Interstate Medical Licensure Compact (IMLC) gives you expedited licensure in nearly 30 states. Better yet, our experienced licensing team, in partnership with the IMLC, supports the providers we staff in navigating the process. We'll handle the details and headaches, so you can fill more coverage gaps in areas of need and see patients.

How it works.

Qualifications:

- ✓ Graduated from accredited medical school and accredited post-graduate program
- ✓ Board certified (ABMS or AOA)
- ✓ No licensing or controlled substance disciplinary actions (or open investigations)
- ✓ No criminal history (or open investigations)
- ✓ Meet the requirements to use one of the participating states as a State of Principle Licensure

IMLC's State of Principle Licensure requirements:

Hold an active license and meet at least one of the following criteria:

- Live in that state
- Do 25% of your current practice in that state
- Have your employer located in that state
- File your federal taxes in that state
