

# Your partner for the path forward

Digital tools to help your healthcare organization succeed in a changing landscape and deliver the modern, convenient experience your patients expect.

Phreesia

**Phreesia's top-ranked SaaS platform engages patients throughout their care journey—from intake to payments to post-visit to between visits—giving your team more time to do what matters most.**

## With Phreesia, your healthcare organization can:

- ✓ Enhance the care experience for patients, providers and staff
- ✓ Improve financial health by automating collections and offering flexible payment options
- ✓ Close gaps in care through targeted patient outreach
- ✓ Reduce no-shows and automatically fill cancelled appointments
- ✓ Automatically screen patients ahead of their visit for clinical and social conditions
- ✓ Manage intake, appointments, outreach and waitlists for vaccination visits, including flu, COVID-19 and more
- ✓ Drive productivity and efficiency without needing to add more staff, especially in a competitive labor market

## Create a Phreesia solution to meet your unique operational, clinical and financial needs
