

## Trusted Pathology Partner for Oral Pathology

StrataDx provides you with trusted pathology expertise, quality and service for better patient care.

### Delivering physicians unmatched quality in pathology

With decades of experience, we continue to provide dental professionals with a personal relationship and direct line of access to our pathologists. Our team is an extension of your team.

Clinicians trust our oral pathologists to conduct a consultative review of cases with the common goal of providing accurate, timely, reliable and actionable diagnoses for patients.

## Expert Oral Pathologist Team

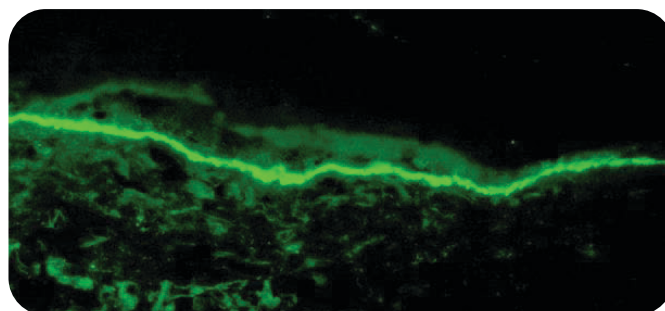

- Board-certified oral and maxillofacial pathologists with academic and clinical distinction
- Published authors of oral pathology textbooks
- Direct access to your pathologist who understands your practice

## Commitment to Client Service

- "STAT" any case upon request
- Phone call notification for urgent cases
- Patient-centric billing specialists
- Broad in-network insurance coverage
