

# REFINING FOR DENTISTS

*“Our mission at Garfield is simple: to help our customers maximize the value of their dental scrap through education, world-class refining techniques, and unparalleled customer service.”*

- Matthew Garfield, CEO/Owner

---

## WHO WE ARE

Founded in 1892, Garfield Refining is one of the oldest and most respected precious metal refineries in the world. We pride ourselves on our full-service refining capabilities, but it's our expertise with dental metals that makes Garfield elite. For generations, Garfield has been considered a global leader in refining, and we're proud that Dentaltown Magazine has recognized us as North America's "Best Dental Scrap Refiner" for 10 years in a row!

Voted by Dentists in North America as the  
**“BEST DENTAL SCRAP REFINER”**  
for the last 10 years in a row!

---

## WHY YOU SHOULD REFINE DENTAL SCRAP

Dental crowns, bridges, PFMs, and other scrap materials are alloyed with gold, platinum, palladium, and silver. These precious metals are valuable. Dentists who fail to recycle these materials, use third-party cash buyers, or use inferior services miss a golden opportunity. Whether you need to improve your current recycling program or build one from scratch, Garfield's refining solutions will help you get the most from your dental scrap.

# THE BENEFITS OF USING GARFIELD REFINING

Garfield provides superior service and industry-leading returns. When you refine with Garfield, you will receive:

## HIGHEST PAYMENTS

We offer the best payments in the industry.

## REFINING EXPERTISE

With over 128 years of experience, Garfield's refining operations deliver high metal yields and outturns.

## DETAILED ASSAY REPORT

Easily track and understand your metal recovery with our detailed reports.

## AWARD-WINNING CUSTOMER SERVICE

A dedicated account specialist will keep you informed every step of the way and answer any questions you may have.

## FREE IN-OFFICE SERVICE

Garfield offers a FREE door-to-door service. Call today to schedule a pickup!

*I was stunned by Garfield's professionalism and honesty, the assay report, and the financial return. I can't believe how much the 'middle man' had been underpaying me for all these years. I highly recommend Garfield's services!*
