*Leading Distributor*

## **ABOUT MEDICAL PURCHASING SOLUTIONS**

Medical Purchasing Solutions was founded in 2005 and is pharmacist owned. We are a Leading National Distributor in the medical & surgical supply industry. MPS specializes in serving dentists, anesthesiologists, physicians and surgeons nationwide.

**PHARMACEUTICALS • SUPPLIES • SOLUTIONS**

Our goal is to provide Solutions to our clients' needs. We have the team, resources, and expertise to offer both personalized service and competitive prices. Let our Solutions help you concentrate on what's truly important, your patients.

## *Company Mission*

Build relationships with customers,  
suppliers, thought leaders and prospects  
while maintaining an engaging culture  
where each employee delivers our  
optimal value offering by continuously  
executing best practices.

## PERSONALIZED SERVICE STARTS HERE

### Don't Take Our Word For It...Here's What Our Customers Say About Us.

"This company is outstanding! Denis (owner) and his team provide consistent superior service. They provide: tracking and expiration notification of my emergency drugs, notification of drug and supply shortages and diligently search for the drugs and supplies I need. They go above and beyond in their services, notification, pricing, shipping, etc." – Ronald Billman, DDS

"Single best company I deal with for my anesthesia practice. You will not find a more personal and caring experience in the field. Could not recommend high enough!" – Zach Van Hilsen, DDS

"I've worked with MPS for many years and I have found that their service-based approach is second to none. Their prices are excellent, and their CodeBlue Program is simply amazing.....There is a peace of mind knowing that they monitor my emergency drugs and that they are able to supply all of my sedation medications and supplies. I highly recommend them -- give them a try!" – Craig Dunlap, DDS

"I have been working with MPS since 2016. I have found that working with my sales rep helps keep me on track for making sure our office always has supplies. I always have a way to track my purchases, track my yearly spending, and check my emergency medications for expiration dates. I have 3 offices to keep track of and I can ship directly to individual offices. I appreciate that the website and formulary are easy to order from and I usually get my order by the next day. I am kept up to date by my sales rep when there will be a shortage of items and when I may need to order ahead so I don't run out of stock. Thanks MPS for making my job easier and enjoyable." – Carey Eiser, RN

"I have been with Medical Purchasing Solutions for many years. Their product offering is second to none. Competitive prices and the staff/my representative treat me very well. I recommend them to my colleagues and would challenge anyone to find someone better in meeting anesthesia needs." – Stephen Phillips, DMD
