PIEZOSURGERY® – WHAT OUR USERS SAY

- PIEZOSURGERY® consistently improving surgical outcomes.
 - maximize surgical precision
 - cut bone, not soft tissues
 - maximize intra-operative visibility

- PIEZOSURGERY® Patented Dual Wave Technology”
 - Maximizes cutting efficiency
 - Ensures a seamless cutting action
 - Prevents bone overheating and necrosis

“The incorporation of PIEZOSURGERY® by mectron into both my private practice and Institute over the past fourteen years has indeed resulted in a distinct paradigm shift with all of my bone grafting protocols. This exciting technology has afforded me the ability to fine tune and finesse all bone related surgery including donor and recipient site preparation for bone grafting and implant placement, as well as extraction site management and implant removal.”

Dr. Michael Pikos, Trinity, Florida

“The PIEZOSURGERY® unit has allowed me to perform very precise and minimally invasive procedures for my patients and it out-performs any of the other Piezo units. This is the standard and original with substantial documentation and research behind it.”

Dr. Sascha A. Jovanovic, Los Angeles, California

PIEZOSURGERY® GP – THE LATEST DEVICE TO ENTER THE WORLD OF PIEZOSURGERY®

- Dual Wave Technology
- Proprietary feedback system: constant and optimal automatic tuning of insert movement.
- Advanced safety control system; Recognizes deviations from normal functioning in less than 0.1 seconds
- Built-In self-diagnostic system

PIEZOSURGERY® GP
\$ 6,950

PIEZOSURGERY® GP

Includes: 1 K8 Wrench, 1 Carrying Case, 1 Surgical Tray, 1 Foot Pedal, 1 Year Warranty.

WISER – IT'S TIME TO BELIEVE IN A NEW LASER

- the most powerful in its category: 16 W
- practical design: Wide 7.9" Touch Screen
- portable: Wireless footswitch
- compact and lightweight: 4.6 LBS

Periodontics

Biostimulation

Surgery

Whitening

Therapy

Endodontics

Wiser is a lightweight, innovative and compact diode laser made to reach high-level performance at every treatment. It is easy to use for beginners and maximizes the performance of experts.

Wiser is a dental laser designed for use in endodontics, periodontics, soft tissue surgery, therapy, photobiomodulation, and whitening.

The sophisticated TOP Tissue Optimized Pulsing feature gives the right power for every type of soft tissue. Its advanced three mode software (Assisted, Fast and Advanced) includes the LAP, Laser-Assisted Protocol, that simplifies and accelerates everyday treatments: it is a guide designed to accompany the user and guarantee maximum safety.

Portable and chargeable; select treatments quickly with the touch icon display.

→ WISER – DOCTOR SMILE

Includes:

- 1 Wiser tip ENDODONTICS (box 04 pcs),
- 1 Wiser tip PERIODONTICS (box 04 pcs),
- 1 Wiser tip SURGERY (box 04 pcs),
- 1 Wiser tip IMPLANT (box 04 pcs),
- 1 Wiser tip ORAL PATHOLOGY (box 04 pcs),
- 1 Wiser tip WHITENING Arch,
- 1 Wiser tip ACTIVATION,
- 1 Wiser Tip Bending Tool,
- 3 Protective glasses,
- 1 Wireless Foot Switch,
- 1 Recharger and cable,
- 1 Interlock, 2 Laser danger stickers,
- 1 Instruction Cd-Rom (User manual, Certification)

INNOVATION HAS A NAME

➤ DISCOVER MECTRON PROPHYLAXIS UNITS – HIGH TECH ON BOARD

SOFT
MODE

“SOFT MODE, in this era of biofilm-focused care, is a critical tool to use at the beginning of preventive maintenance visits. I would recommend to use on adolescents and adults for professional biofilm removal to promote oral health and overall health of patients.”

Prof Susan Wingrove, USA

“Mectron SOFT MODE allows the highest ultrasound efficiency avoiding the disadvantage of the pain for the patient ... it's a really comfortable treatment.”

Dr. Marie-Eve Bezzina, France

“Can be used in all the clinical situations, especially in case of particularly sensitive patients offering them a mininvasive treatment.”

Prof Annamaria Genovesi, Italy

“It is more pleasant for patients and I like work with it because it is successful. It damaging far less of the dental tissue.”

Dr Susanne Graack, Germany

✓ APPROVED BY SPECIALISTS

➤ APC – AUTOMATIC PROTECTION CONTROL ENSURING THE HIGHEST LEVEL OF SAFETY

- Controlled Insert Movement
- Max Safety
- Max Reliability

APC
on board

AUTOMATIC PROTECTION CONTROL (APC)

- recognizes deviations automatically
- stops ultrasound and flow of liquid in less than 0.1 seconds
- identifies cause of interruption and illuminates on display

➤ FEEDBACK-SYSTEM

- constant and optimal tuning of insert movement
- intuitively detects and adjusts the necessary power
- simple user interface activated by pressing the foot pedal

→ **MULTIPIEZO – UNRIVALED**

- SOFT MODE for patients with sensitivity
- tempered glass touch screen for easy cleaning
- versatile 500 ml bottles for all irrigation and medicated solutions
- Swivel type LED with 360 degree rotation
