

# Inspiration

Your office.  
Built by Boyd.

# Meet the Team

Boyd Industries, Inc. is best known for the fine craftsmanship, superior durability, and proven reliability of our innovative dental products produced in Clearwater, Florida. This high standard of quality is a result of **60+ years of design and manufacturing expertise** to create personalized products for dental specialists. The Boyd Team is as committed to your success as you are!

Boyd equipment is proudly **designed and manufactured in the USA** using a vertically-integrated manufacturing method, which means that we fabricate nearly all components contained in our products. This method assures the **highest in quality standards** throughout the manufacturing process, **and guaranteed delivery within or at 6 weeks of receipt** so you can be assured that you've made the most of your time and budget.

**When you work with Boyd,  
you've got our whole team behind you!**

# The Boyd Mission

Our mission is — and will remain — to build the **most reliable, visually attractive products** to allow dental professionals like yourself to focus on providing **high-quality patient care**. We provide the widest range of personalization options in the industry to ensure optimal patient and staff comfort, and to **set your practice apart** from the competition. From the moment you begin working with Boyd, our expert sales, customer support, and technical services teams are committed to supporting **your unique needs every step of the way**.

## From Concept to Completion

Contact us today for a free consultation to:

**Outline your needs and priorities** | Boyd is committed to *your* individual priorities and needs.

**Determine your expansion goals** | We help to plan for future growth, with short-term and long-term solutions in mind.

**Identify best options** | From cabinetry, operatory equipment, and more, we help you pick the right options for your budget.

# Cabinetry

Fall in love with stepping into your office every day. With our team at your side throughout the design process, you'll know that every aspect of your cabinetry was **built to suit the shape, function and aesthetic of your office.** Your patients will notice, too — talk about a good impression! Choose from the widest range of laminate and solid surface options to make your office distinctly *yours*.

## Built to Fit

Did you know that Boyd Industries provides both **clinical and non-clinical cabinetry**? When you choose the Boyd design team, you are working with subject matter experts who have years of **infection control and efficiency design** experience. Boyd sets the standard for workmanship and quality; two vital elements of clinical cabinetry's long-lasting performance. Boyd offices don't just stand out, they stand the test of time.

# Operator Equipment

As the perfect complement to our durable cabinetry, Boyd's award-winning operator equipment can also be personalized to create a **seamlessly cohesive office design**. We believe that functionality, efficiency, affordability, and aesthetic appeal are achievable for your new office or expansion project, which is why our equipment is built to accommodate **offices of any size and budget**, and designed with the needs of specialty dental practices in mind. There's a reason that Boyd's equipment is **the #1 choice among orthodontists, oral surgeons, pediatric dentists, endodontists** and other dental professionals around the world.

## Award-Winning

*"Built to Last. Built for You. Built by Boyd!"* is more than a tagline, it signifies the commitment that everyone at Boyd makes to each and every one of our customers. Our customers have recognized this commitment by selecting us as their top choice for the **Townie Choice Awards** every year since 2013 for the Operator Equipment category. We thank voters for their support, and promise to uphold the high standards you love!
