BASICS FOR APPLYING BOOK JACKET COVERS...

- **Insert dust jacket** between paper and film.
- Check to ensure the top of the dust jacket meets the top of the cover as shown in inset.

- **Fold excess paper** and film up to meet the bottom of the dust jacket and crease with a bone folder.
- Secure the film to the paper liner.
- Apply covered jacket to the book.

- **Anchoring the cover** is optional in some applications. If you choose to anchor, we recommend attaching strips using one of the methods shown in the insets at right.
