

INTRODUCING TWO NEW IMPRINTS FROM CRABTREE

Developed by early learning consultants, Crabtree's new imprints focus on beginning and early reading with simple text, sight words, and high quality photographs and illustrations to engage young readers.

Crabtree Roots features one line of text with each picture to aid in comprehension and help children learn to read with confidence. **Crabtree Seedlings**, the next level up from **Crabtree Roots**, engages early readers to 'read-to-learn' and is intended to build reading and early vocabulary skills required for higher grade success. Supplemental teaching guides provide caregivers and educators with the tools they need to support successful readers!

Titles are featured in both English and Spanish including ebooks and Read-Along ebooks.
