

## *Versatile and Adaptable System*

Libraries are no longer simple “warehouses” for storing and disseminating information. They have evolved to become centers of knowledge where information is created and exchanged.

The changing nature of libraries has sparked the need for furniture that is equally adaptable.

Geometrix is a unique shelving system that supports the creation of modern library spaces, while reflecting a fresh design aesthetic. It is versatile enough to accommodate any project requirements.

The building blocks of the line can be used to:

- Store and display books
- Design signature installations
- Define spaces
- Create usage zones for:
  - Semi-private reading and study
  - Collaboration and meeting
  - Makerspace
  - Instruction
  - Technology
  - Leisure

## Options

- Multiple heights
- Single- or double-sided shelving, all of which can be mixed and matched to create a custom environment
  - Linear
  - Angled
  - Arced (Curved)
  - Mobile with concealed casters
- Back panel finish options:
  - Veneer or laminate
  - Upholstered
  - Tack board
  - Whiteboard
  - Magnetic whiteboard (not available on curved units)
- Integrated and standalone upholstered seating elements
- Work and meeting tables – laminate or wood finish
- Finishes:
  - Wood veneer with a variety of finishes
  - Laminate with a wide range of colors and patterns

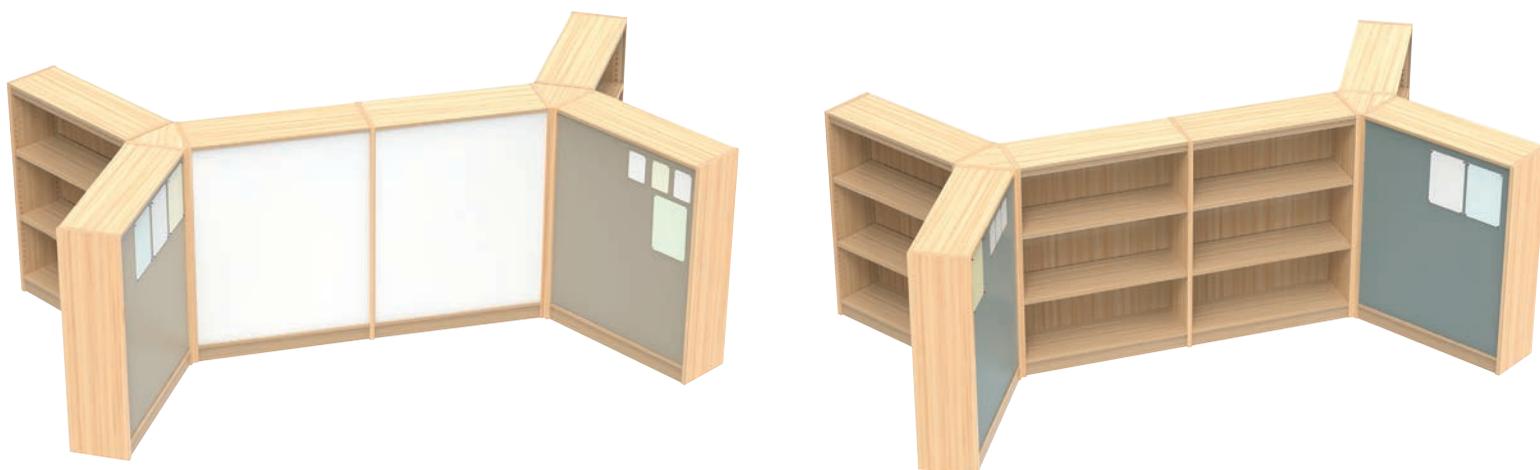

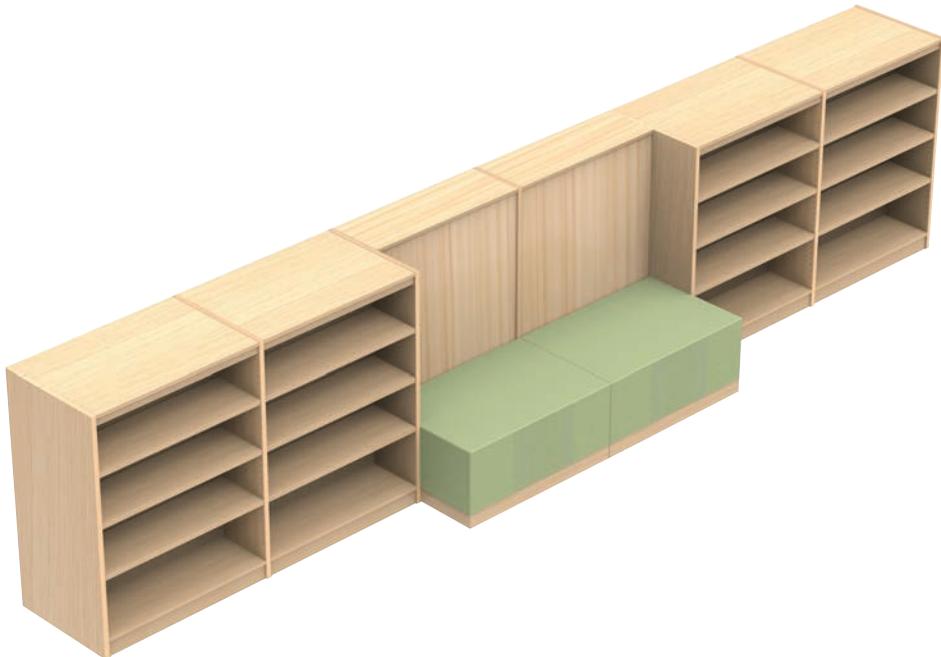

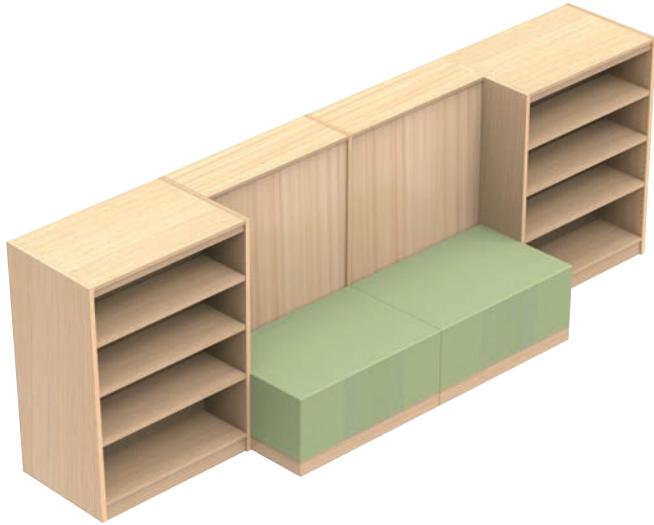

## Sample Configurations

The designs shown here represent only a small sample of the signature installations Geometrix can be used to create.

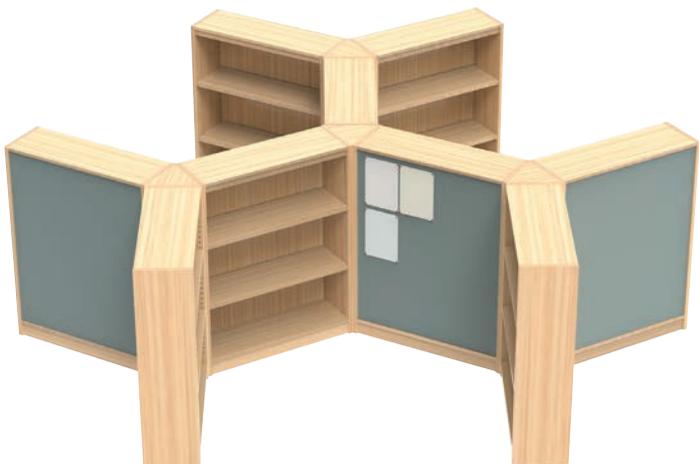

*Use variable heights to improve sightlines, leverage natural light, and add visual interest*

# Geometrix

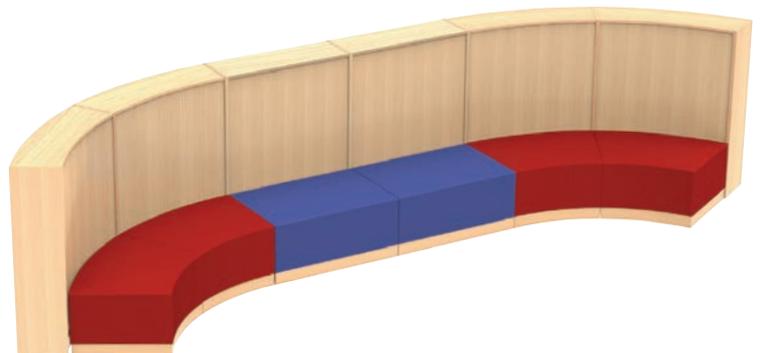

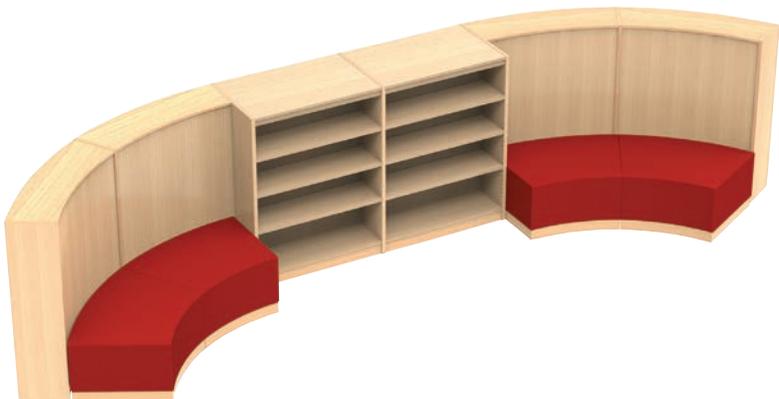

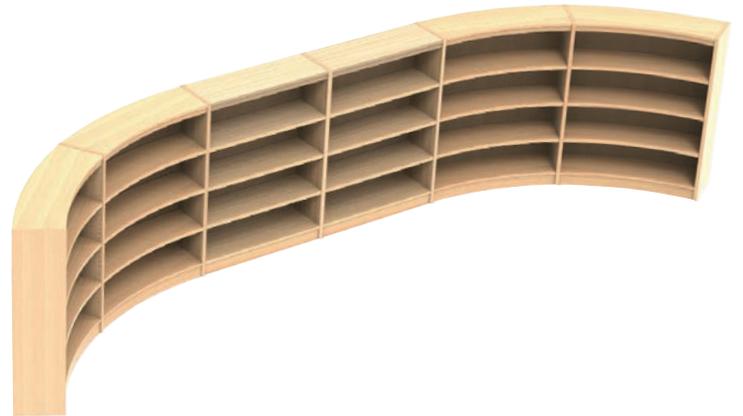

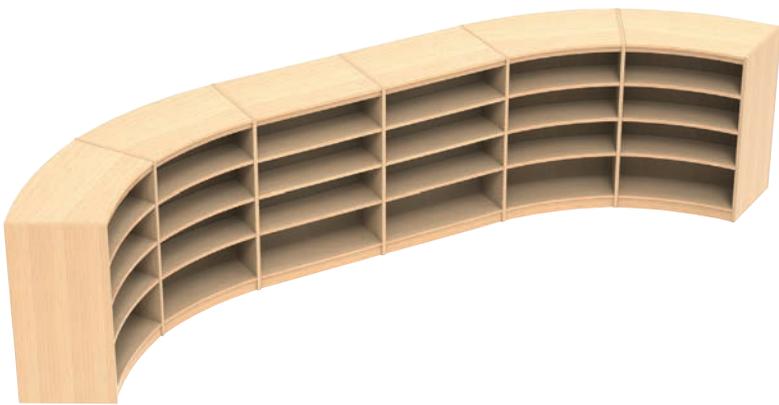

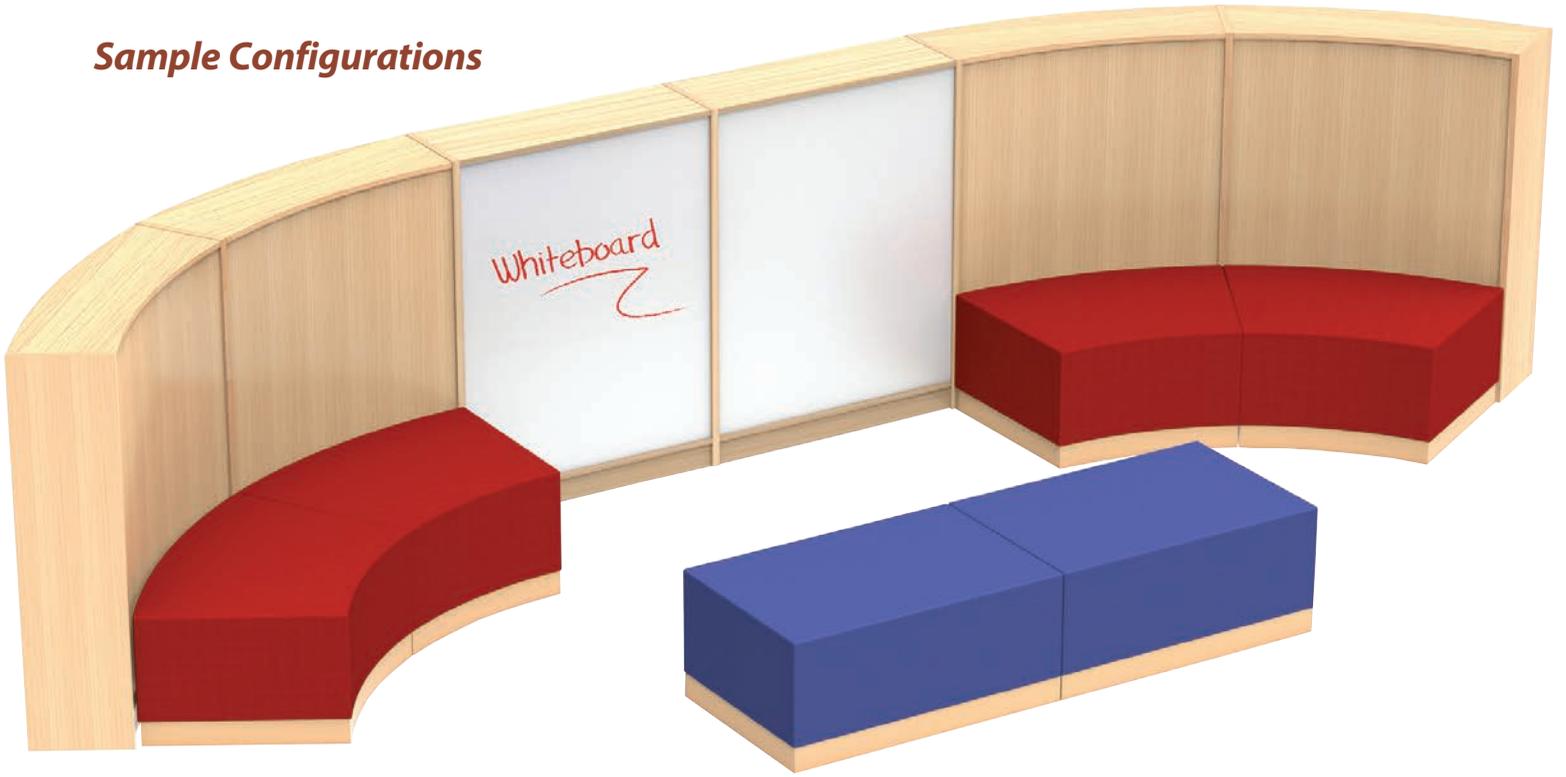

***Geometrix is a modular system that can adapt to different learning styles and teaching techniques***

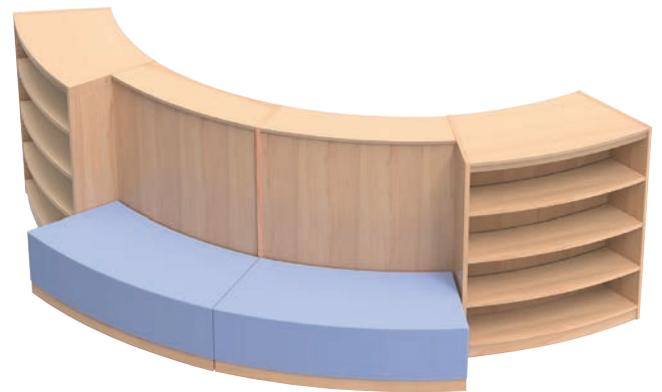

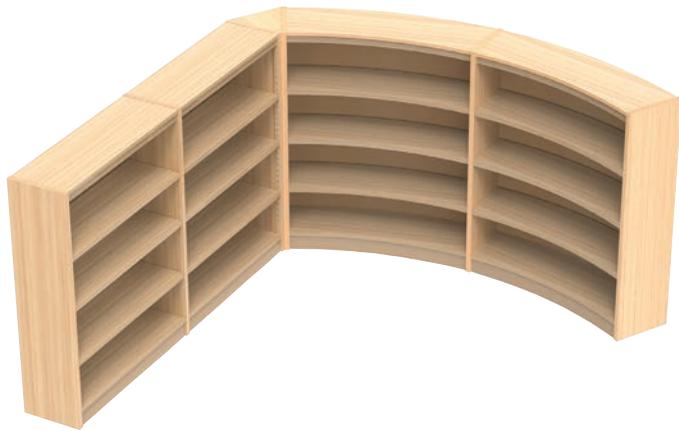

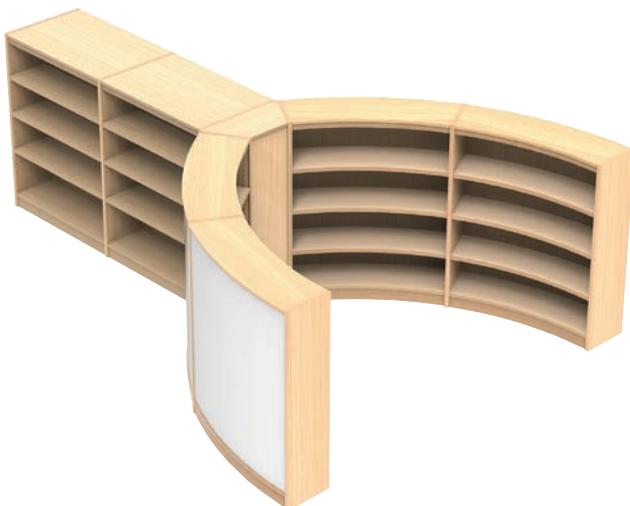

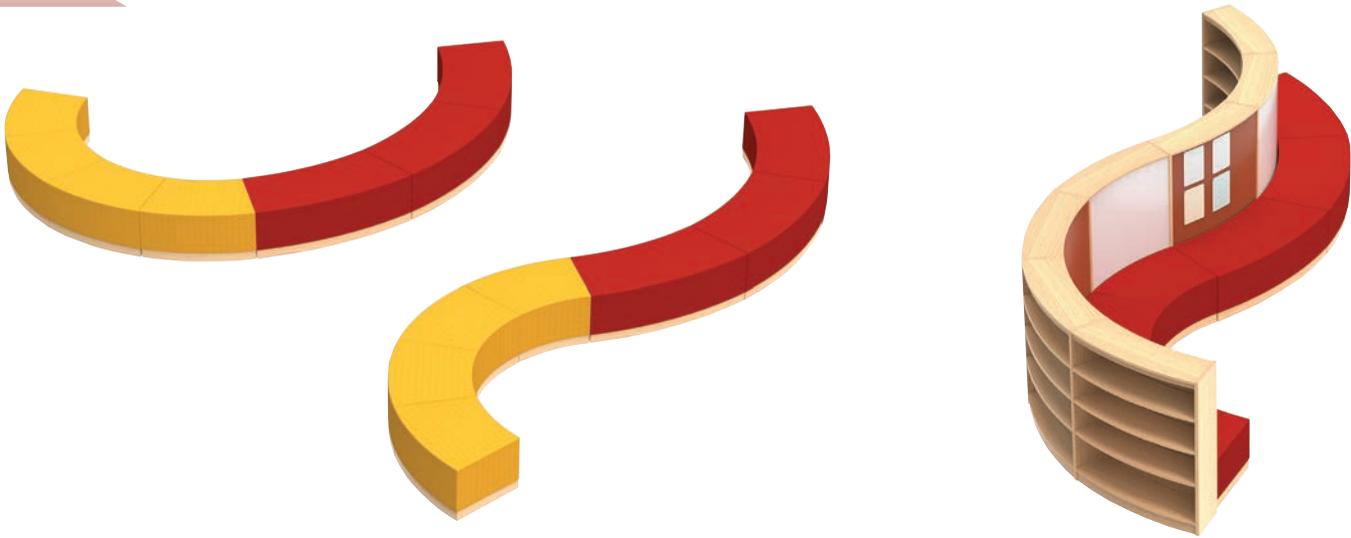

*Sample Configurations*

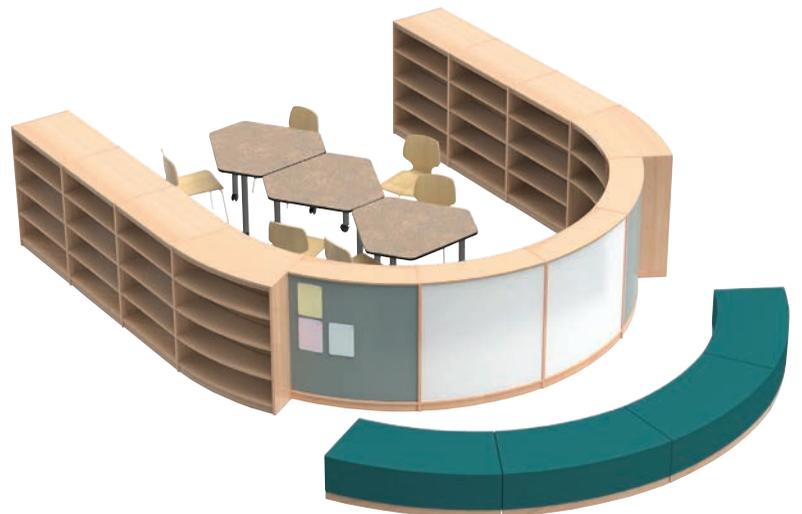

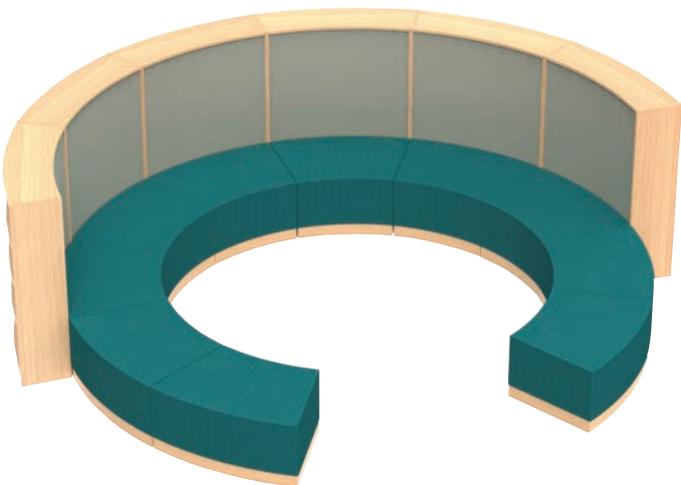

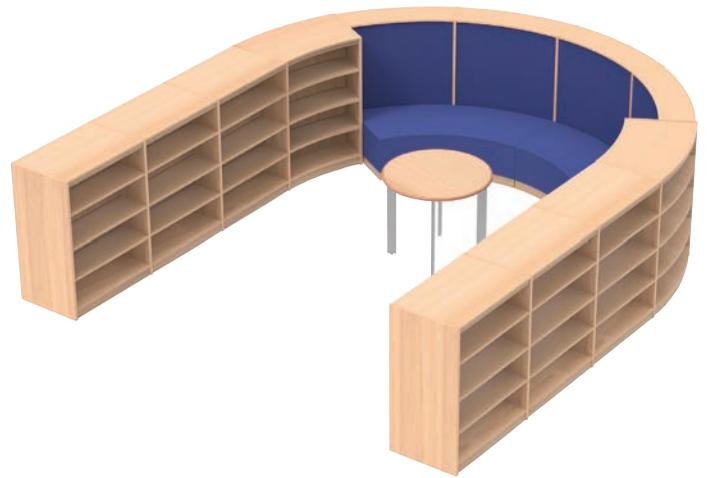

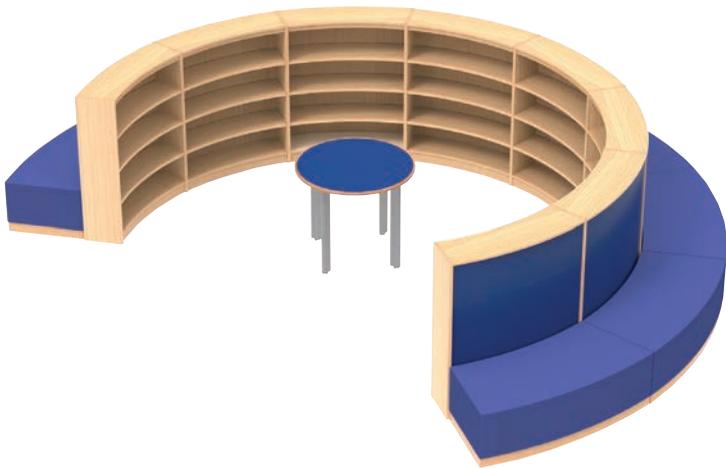

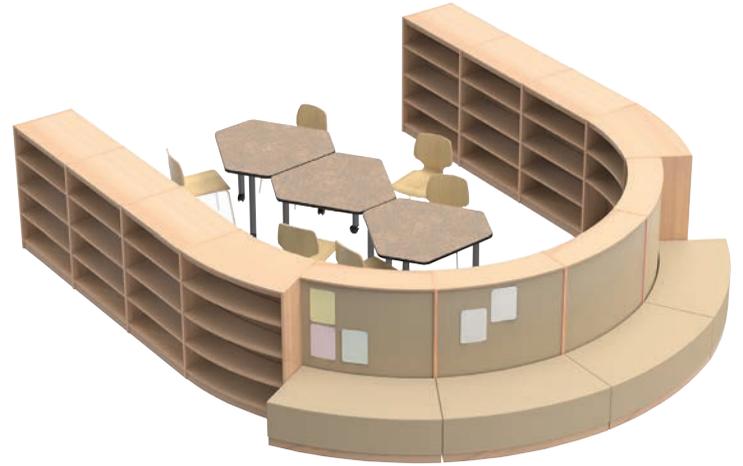

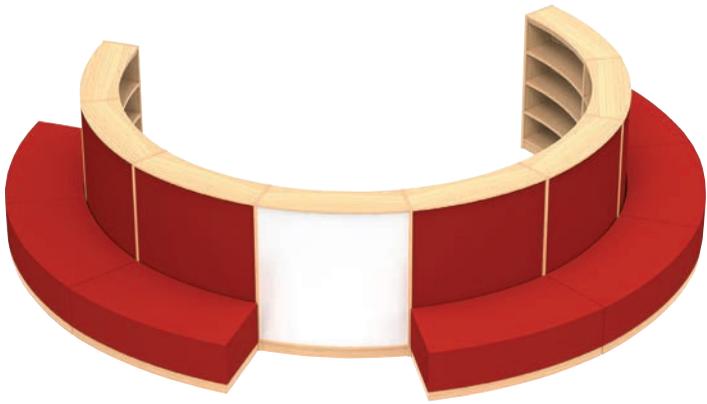

***Combine linear and curved elements for increased functionality and aesthetic variety***

*Add freestanding or integrated bench seating to create spaces for casual lounging, touchdown, informal meetings, or collaboration*

*Tested to meet ANSI/BIFMA standards for safety and durability*

***Mobile shelving units are indispensable in today's libraries, enabling true flexibility for multi-use spaces. Concealed casters allow for a seamless look, consistent between mobile and stationary units.***
