

Submit your research to us today

The Royal Society journals publish articles across all areas of science.

We welcome research papers, reviews, opinion pieces, evidence synthesis articles, Registered Reports, replications and negative results papers.

Contribute to a charitable organisation that recognises, promotes, and supports excellence in science.

- Papers handled by active, expert scientists
- Rigorous, constructive peer review
- Efficient and rapid processing
- High levels of customer service
- No colour charges and high production standards
- Free and easy assisted data archiving in Dryad or figshare
- Preprints welcomed
- Articles promoted via the Royal Society Press Office
