

ECOLOGY ACROSS BORDERS

12 – 15 DECEMBER 2021
LIVERPOOL ICC, UK

Visit our event page for regular updates on
registration and abstract submission

This December join over 1,200 ecologists from around the world at Ecology Across Borders 2021, a joint Annual Meeting with the French Ecological Society for Ecology and Evolution (SFE2). These joint meetings provide an invaluable opportunity to build closer ties between the vibrant academic ecological communities in Europe and wider afield, which has never been as important as it is today.

PLENARY SPEAKERS

At the core of our Annual Meeting is an outstanding group of plenary speakers. This year is no exception, and we are delighted to welcome:

Sir Partha Dasgupta, University of Cambridge

Vanessa Ezenwa, University of Georgia

Sandra Lavorel, French National Centre for
Scientific Research (CNRS)

Pierre-Henri Gouyon, National Museum of
Natural History, France

EXHIBITION

Showcase your organisation and network at Europe's largest event for ecologists.

You can now reserve your exhibition booth, sponsorship and adverts with no obligation. We are allowing all exhibitors to cancel without penalty before 18 September 2021, which means that you can reserve your place today at no risk.

Get in touch with paul@britishecologicalsociety.org to secure your place.
