

A close-up photograph of a young green seedling with two leaves growing out of dark, rich soil. A single drop of water is suspended in mid-air just above the seedling's leaves. In the background, several other similar seedlings are visible but out of focus.

Ecology Publications
ESA Annual Meeting

WILEY

ECOLOGY

ECOLOGICAL SOCIETY OF AMERICA

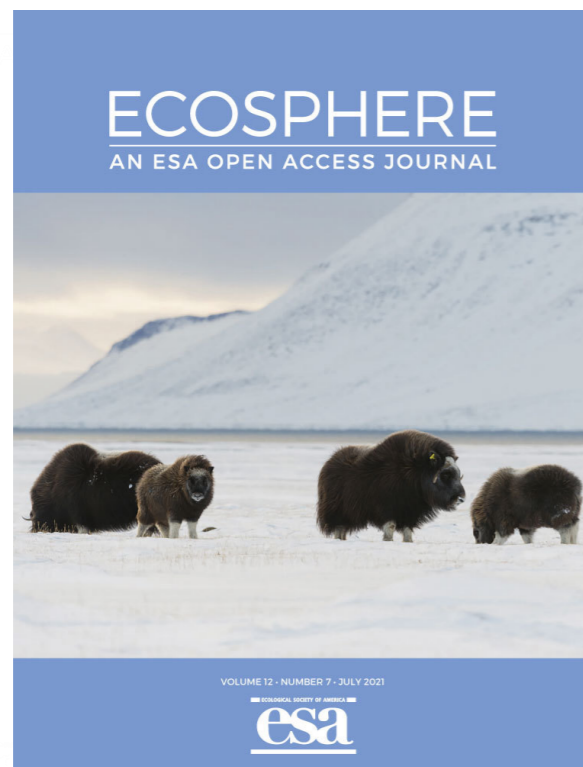

- Flagship journal of the ESA
- Published for 100+ years
- High impact measured in citation rate

@ESAEcology

ECOSPHERE

ECOLOGICAL SOCIETY OF AMERICA

- Fully Open Access
- Rapid publication

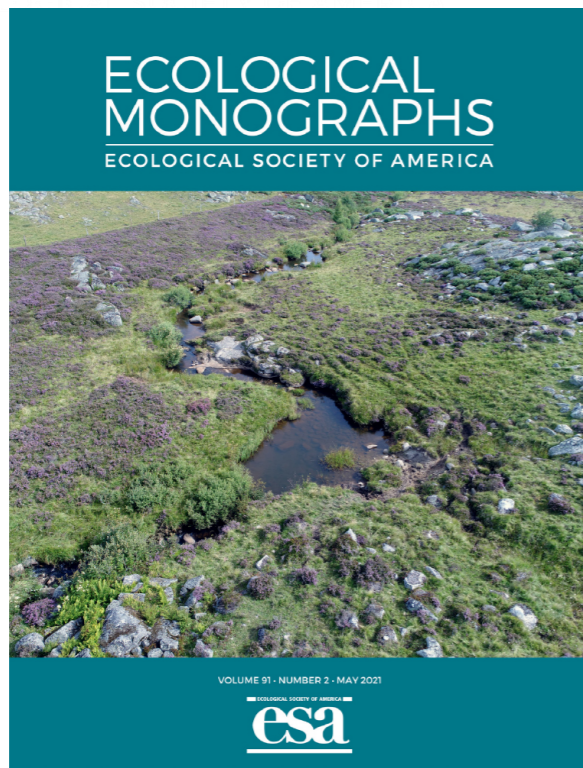

@ESAEcosphere

- Impact factor of over 4
- Global readership and editorial board
- Articles can influence public policy

 **@ESAApplications**

- Impact factor of over 10
- Resource for empirical and theoretical advances in the field

@ESAMonographs

ECOLOGICAL SOCIETY OF AMERICA

FRONTIERS IN ECOLOGY *and the* ENVIRONMENT

- Accessible to a scientific and non-scientific audience
- Ranked in the top of Ecology journals in the Journal Citation Report
- Impact Factor of over 10

@ESAFrontiers

BULLETIN

ECOLOGICAL SOCIETY OF AMERICA

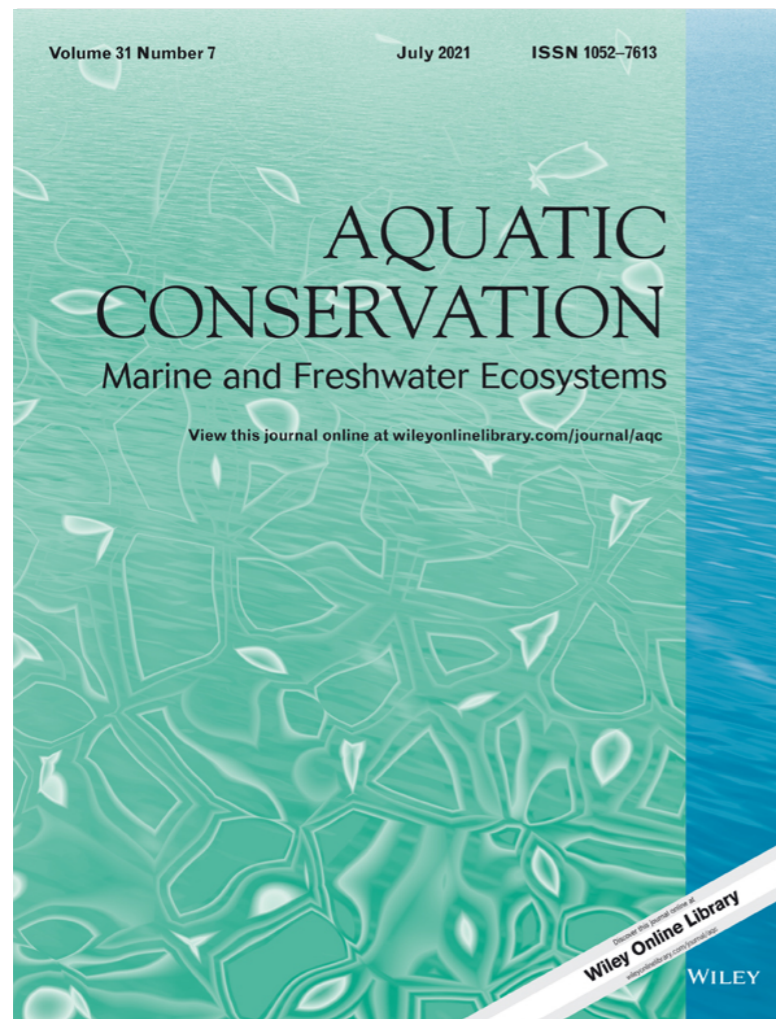

- Features events, news and articles of interest to the ecological community
- Includes opinion pieces on ecological issues

@ESABulletin

AQUATIC CONSERVATION

Marine and Freshwater Ecosystems

- Publishes original papers that cover the conservation of freshwater, brackish or marine habitats
- Led by Professors **Philip Boon** and **John Baxter**
- Easy and quick online submission

Diversity and Distributions

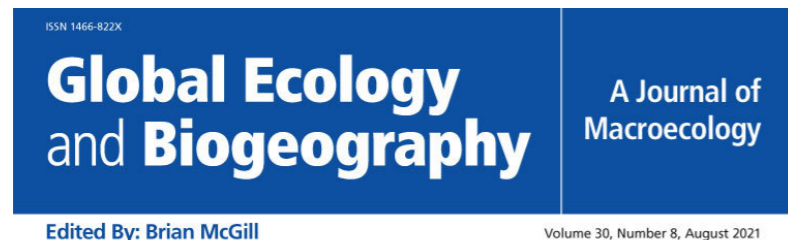

Marine and Freshwater Ecosystems

- Fully Open Access
- Headed up by **K.C. Burns**, **Luca Santini** and **Aibin Zhan**
- Focuses on conservation biogeography, including application of biogeographical principles, theories, and analyses to problems concerning the conservation of biodiversity

Global Ecology and Biogeography

A Journal of Macroecology

WILEY

- Focuses on the emerging field of macroecology: the study of broad, consistent patterns in the ecological characteristics of organisms and ecosystems
- Led by **Brian McGill**, *University of Arizona*

@GEB_macro

Journal of Biogeography

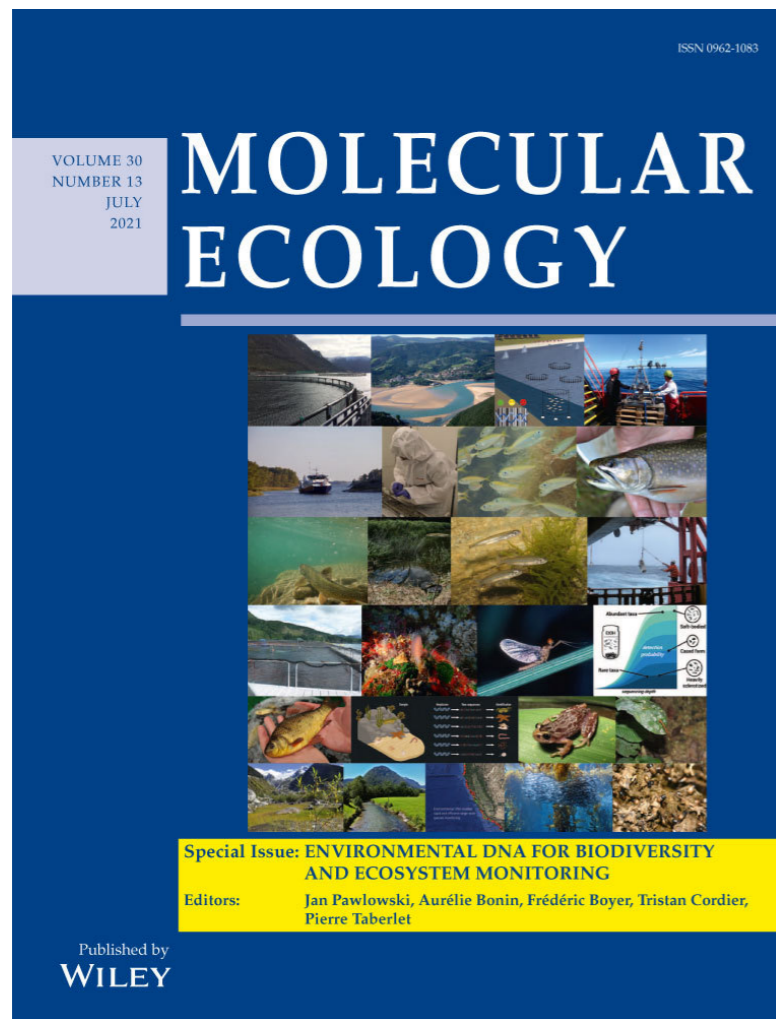

- Contributes to the growth and societal relevance of the discipline of biogeography through its role in the dissemination of biogeographical research
- Partnered with Dryad to enable authors to store and share their data without charge

Call for Papers - GEOGENOMICS: Integrating geology, geography and genomics to study the coupled evolution of life and Earth - deadline 30th September 2021

 **@JBiogeography**

MOLECULAR ECOLOGY

- Publishes molecular genetic techniques to address questions in ecology, evolution and conservation
- Headed up by **Loren Rieseberg**,
University of British Columbia
- New blog now live
– Molecular Ecology Spotlight
<https://molecular ecologyblog.com/>

ECOLOGY LETTERS

- Very rapidly publishes the most novel research in ecology
- Led by **Tim Coulson**,
University of Oxford
- Published in collaboration with CNRS,
largest fundamental science agency
in Europe

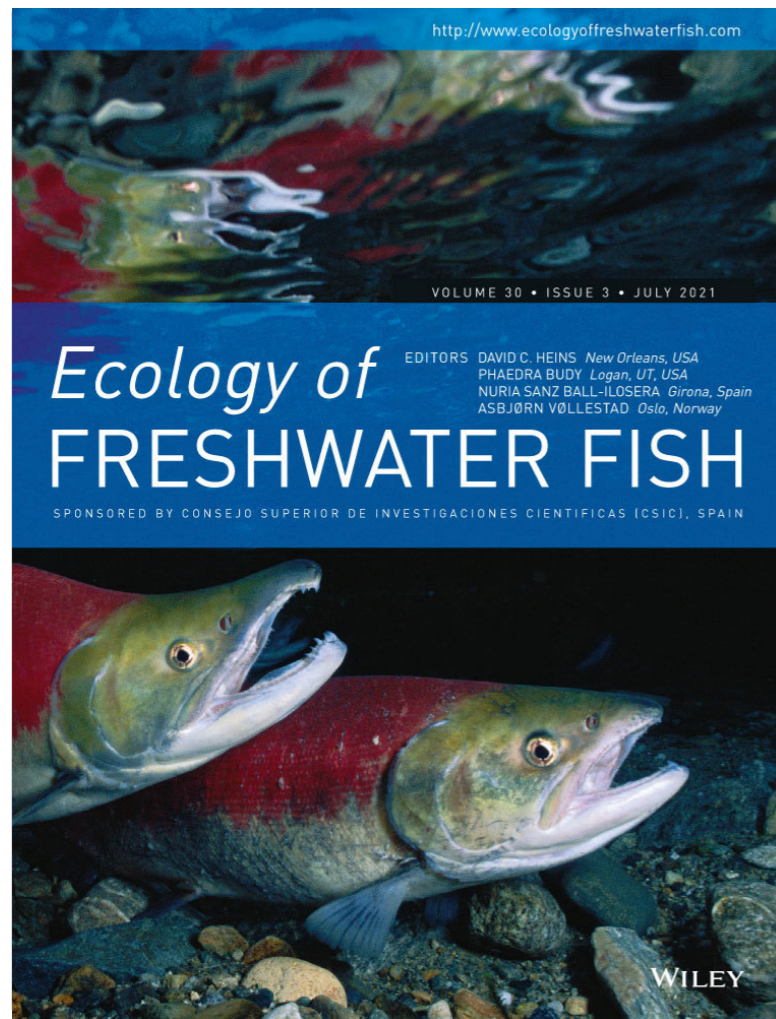

@Ecology_Letters

wileyonlinelibrary.com/journal/ele

WILEY

Ecology of FRESHWATER FISH

- Publishes original contributions on all aspects of fish ecology in freshwater environments, including lakes, reservoirs, rivers, and streams
- Led by **David C Heins**, *Tulane University*
- Easy and quick online submission

Freshwater Biology

- Publishes on all aspects of the ecology of inland surface waters, including rivers and lakes, connected ground waters, flood plains and other freshwater wetlands.
- Led by **Belinda Robson**,
Murdoch University

Global Change Biology

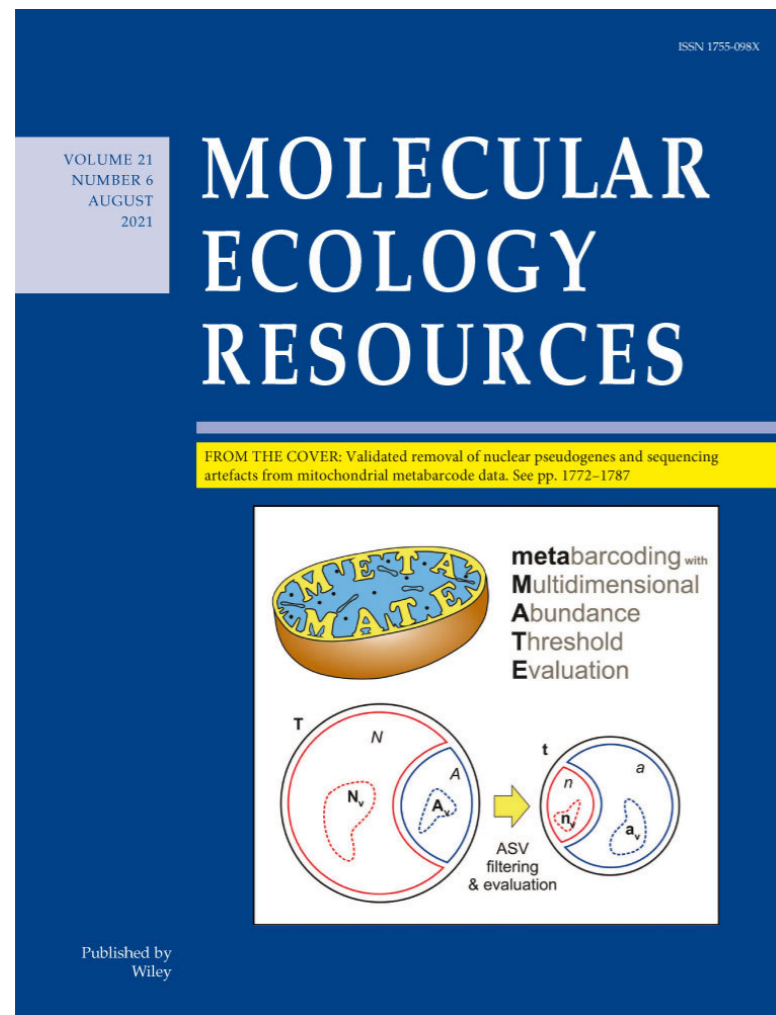

- Bioproducts and a sustainable bioeconomy have been a part of the mission of GCB Bioenergy from day one, but today we are giving this renewed emphasis in our new journal masthead—"Global Change Biology Bioenergy - Bioproducts for a Sustainable Bioeconomy"
- Led by **Steve Long**, *University of Illinois*
- Top-ranked in Biodiversity Conservation

@GlobalChangeBio

MOLECULAR ECOLOGY RESOURCES

- Covers new tools for molecular genetic studies in nature populations; technical methods, computer programs and genomic resources
- Sister journal to Molecular Ecology
- New blog now live – Molecular Ecology Spotlight <https://molecularecologyblog.com/>

 @molecology

Methods in Ecology and Evolution

- We are seeking a new Senior Editor to strengthen and complement our team and continue raising the journal's profile worldwide. Find out more and apply here: <https://bit.ly/3doCmcW>
- Call for Papers - **Special Feature: Realising the Promise of Large Data and Complex Models. Deadline: 1st September 2021**

Journal of Ecology

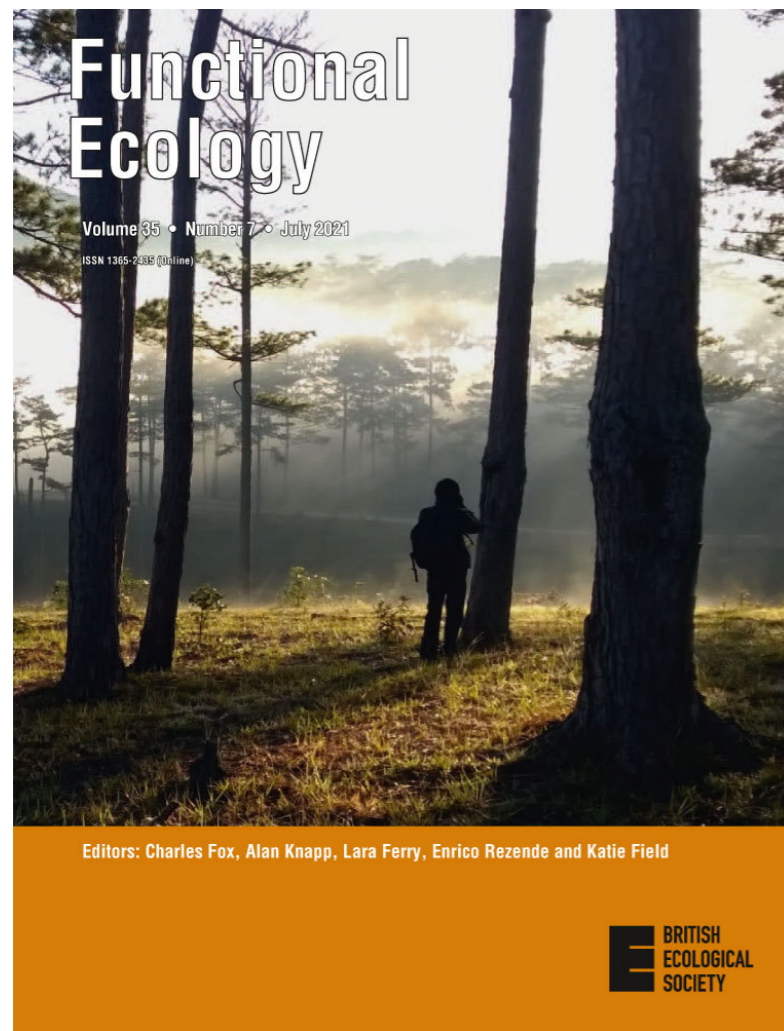

- Cross-Journal Special Focus - **Plant translocations and climate change: bioassay, surveillance and solution to a global threat?**
- Read this new account - **International Biological Flora: *Nervilia nipponica***
- New author blog - **How inter-individual variation in plant traits drives the context-dependency of plant-pollinator interactions**

PEOPLE AND NATURE

- Featured Article - **Reconnecting with the past and anticipating the future: A review of fisheries-derived cultural ecosystem services in pre-Hispanic Peru**
- New Perspective - **How has the COVID-19 pandemic affected human-nature interactions?**
- New research - **Who eats wild meat? Profiling consumers in Ho Chi Minh City, Vietnam**

Functional Ecology

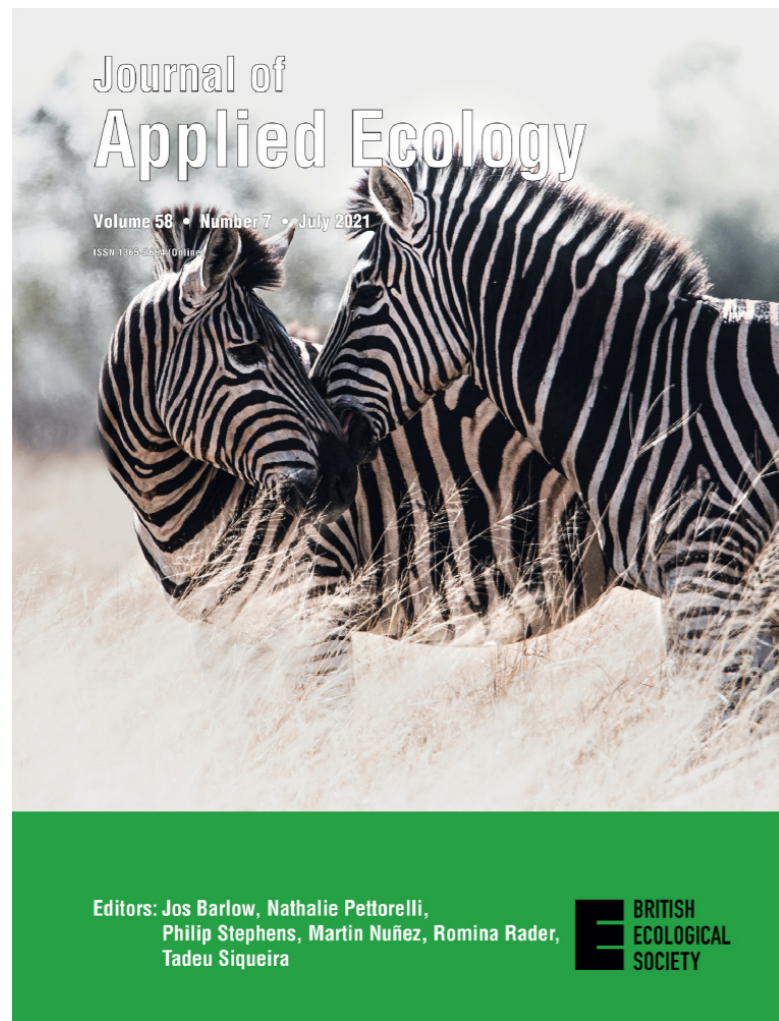

- Special feature - **Sensory ecology and cognition in social decisions**
- New Perspective - **Where do functional traits come from? The role of theory and models**
- New Study - **Potentially peat-forming biomass of fen sedges increases with increasing nutrient levels**

Journal of Animal Ecology

- New research - **Understanding the connectivity of ecosystems in the Anthropocene**
- July issue - **Costs of learning for parasitoid foraging behaviour, fitness consequences of longer breeding seasons of passerine, effects of nematode infection on fig wasps, & sea temperature effects on habitat selection in marine fish**
- Follow @AnimalEcology on Twitter for the latest articles and updates

Journal of Applied Ecology

- Meet our new Senior Editor - **Tadeu Siqueira, Professor of Community and Numerical Ecology at UNESP**
- Read our Editor's Choice - **Large predators can mitigate nutrient losses associated with off-site removal of animals from a wildlife reserve**
- Follow @JAppliedEcology on Twitter for the latest articles and update

Ecology and Evolution

Open Access

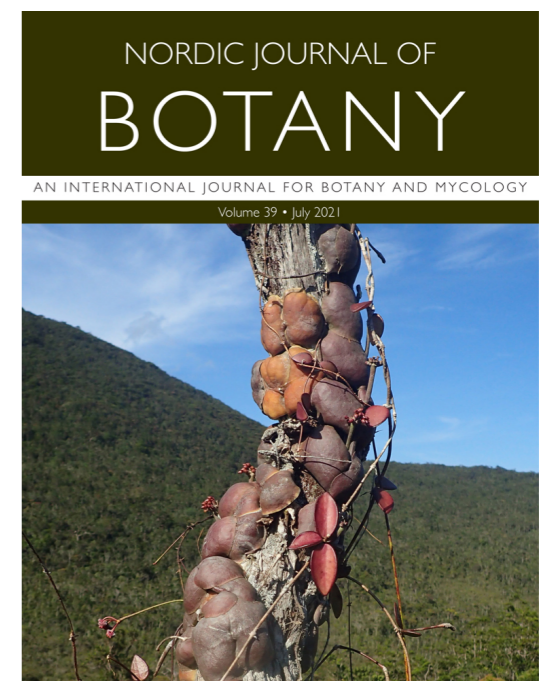

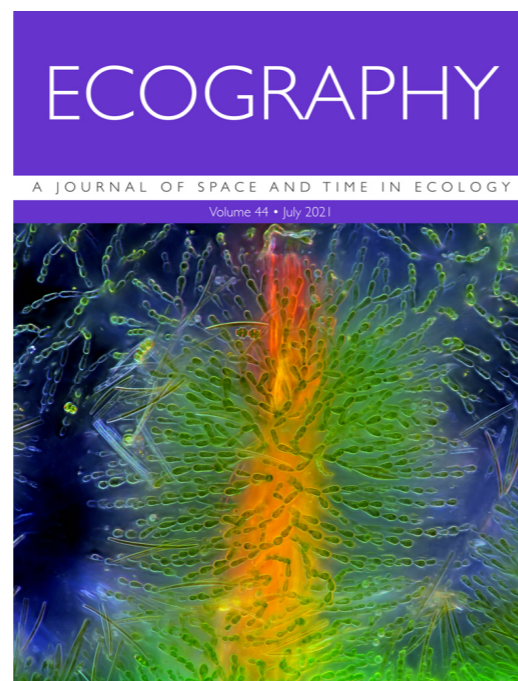

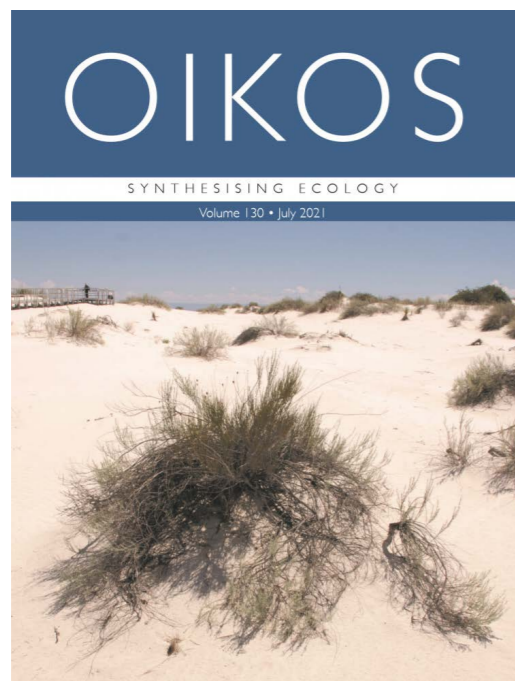

- Ecology and Evolution look for reasons to publish rather than reject
- Offers innovative categories of papers:
 - Academic Practice in Ecology and Evolution
 - Nature Notes
- Ecology and Evolution is celebrating its 10th anniversary in September 2021!

Nordic Society Oikos

Over 200 years of publishing!

The Nordic Society Oikos is a home for ecologists, a nexus for knowledge, and a guiding light for ecology worldwide

Nordic Society Oikos

Journal of Avian Biology

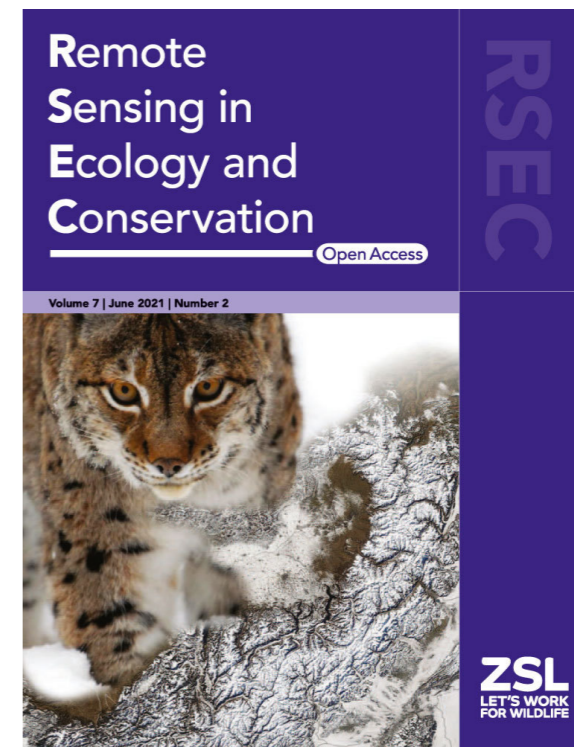

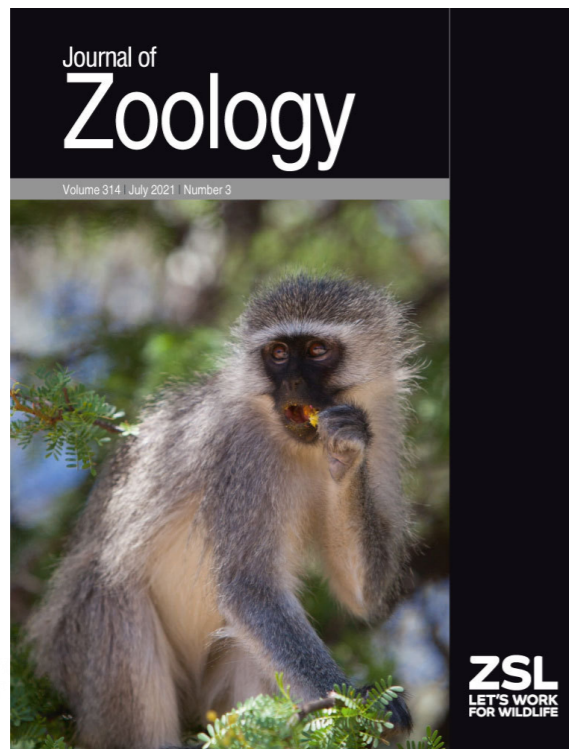

**Accepting open access
submissions from 15 July 2021,
with a full transition to open
access in January 2022.**

Submit Now

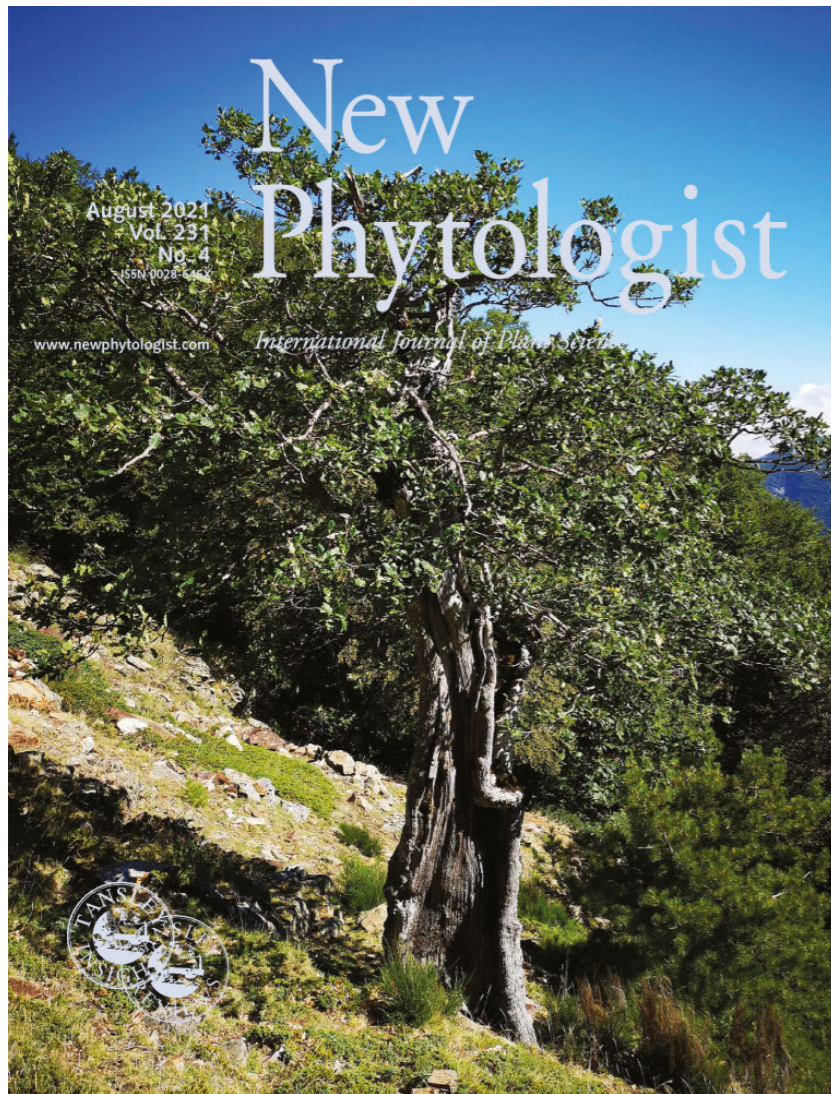

Zoological Society of London

ZSL publishes scientific journals that feature the latest international research in zoology and conservation science

New Phytologist

- Original, high quality plant science since 1902
- From molecular physiology to ecosystem processes
- Free to read Tansley reviews and Tansley insights
- Owned by the not-for-profit New Phytologist Foundation

@newphyt
