

THE QUALITY THERAPY
YOUR FAMILIES NEED.
WITHOUT THE WAIT.

WE BELIEVE IN THE POWER OF CONNECTION.

We proudly partner with pediatric practices to become an additional level of support and care. We help to achieve improved therapy outcomes by connecting children and families with our network of over 100 of the nation's top providers for quality, comprehensive therapy services.

WE'RE ON A MISSION TO MAKE QUALITY THERAPY MORE ACCESSIBLE

DotCom Therapy is the most comprehensive pediatric teletherapy provider for healthcare and educational organizations serving families across the nation.

With a 5-star patient rating and 97% retention among its network of professional therapists, DCT provides the flexibility families and organizations require to meet the mental health, behavioral, speech and occupational therapy needs of children in their care.

THE DOTCOM DIFFERENCE

- With access to over 100 top providers across the nation, each family will be matched with a highly-skilled, licensed provider who's ready and waiting to become a part of their care team.
 - Every patient is served from a "whole child" perspective. We collaborate as needed with the child's entire care team to ensure positive outcomes.
 - From a strong professional community to a dedicated clinical manager, our providers receive unprecedented clinical support from veterans in every educational field.

A young boy with short brown hair is smiling and looking at a tablet computer. He is wearing a grey polo shirt and white earbuds. In the background, a woman with long blonde hair is standing, looking down. The scene is set in a bright, indoor environment, possibly a home. There are large, semi-transparent teal and orange shapes overlaid on the image. The text is in a bold, sans-serif font, positioned in the upper right corner.
