RUTGERS  
New Jersey Medical School

RWJBarnabas Health and Rutgers Robert Wood Johnson Medical School are seeking board certified **geneticists, cardiologists, pulmonologists, infectious disease physicians, developmental behavioral pediatricians, psychiatrists and psychologists, gastroenterologists, urologists, and more** to meet the growing demand for care in Central New Jersey. These roles will be based primarily at Rutgers Robert Wood Johnson Medical School in New Brunswick and will serve as an associate faculty position, encompassing teaching and academic duties along with clinical responsibility.

Candidates must have completed their residency in anesthesiology with a completed ABA certification (or board eligible for new graduates). Applicants with an active New Jersey medical license are ideal with subspecialty fellowship training in pediatric or cardiac anesthesiology.

## Note from Rutgers Robert Wood Johnson Medical School

*As one of the nation's leading comprehensive medical schools, Rutgers Robert Wood Johnson Medical School is dedicated to the pursuit of excellence in education, research, health care delivery, and the promotion of community health. Part of Rutgers, The State University of New Jersey, Robert Wood Johnson Medical School encompasses 20 basic science and clinical departments, and hosts centers and institutes including the Cardiovascular Institute, the Child Health Institute of New Jersey, and the Women's Health Institute. The medical school has been recognized by U.S. News & World Report as among the top 100 medical schools in the nation and No. 1 in the state for research and primary care. Robert Wood Johnson Medical School and Robert Wood Johnson University Hospital, an RWJBarnabas Health facility and the medical school's principal affiliate, comprise one of the nation's premier academic medical centers. The medical school maintains educational programs at the undergraduate, graduate and postgraduate levels on its campuses in New Brunswick and Piscataway, and provides continuing education courses for health care professionals and community education programs.
