

THE LEADER IN *FRESHNESS*

USA-based Wiley Companies is the producer of MSC-certified AlaskOmega[®] omega-3 and omega-7 concentrates and natural fish oil products. Recognized globally as the 'leader in freshness', AlaskOmega[®] starts with wild-caught Alaska Pollock from the cold, pure waters of the Bering Sea and meticulously refines their line of products in their family owned and operated certified GMP facility. Staying with their mission of developing innovative products that make the world's population healthier, the brand recently launched a high-potency omega-3 concentrate powder. Celebrating its 40th year in business, Wiley Companies is both ISO 9001:2015 and FSSC 22000 registered for certification.

UNIQUE SOURCE

AlaskOmega[®] omega-3 concentrates are 100% sourced from Wild Alaska Pollock from the Bering Sea.

#1 IN FRESHNESS

AlaskOmega[®] omega-3 concentrates lead the market in oil freshness, with a maximum total oxidation (TOTOX) of 5.

SUSTAINABLE & TRACEABLE

AlaskOmega[®] omega-3 concentrates are certified sustainable and traceable by the Marine Stewardship Council (MSC).
