

Meaningful Connections

ENGAGE. EDUCATE. EMPOWER.

AngelEye Health's robust tele-engagement platform supports family-centered care by connecting parents and their infants with the care team.

AngelEye's HIPAA-Compliant Platform Includes Four Independent Solutions.

Implement them independently or as a comprehensive solution set.

CameraSystem

Live-streaming access anytime, anywhere encourages family bonding and decreases anxiety.

OnlineEducation

On-demand resources save staff time, ensuring parents have a successful transition home.

PatientConnect

Real-time updates engage parents as integral members of the care team and builds trust.

MilkTracker

Complete end-to-end feeding management solution reduces preparation and feeding errors.

100+ Hospital Partners

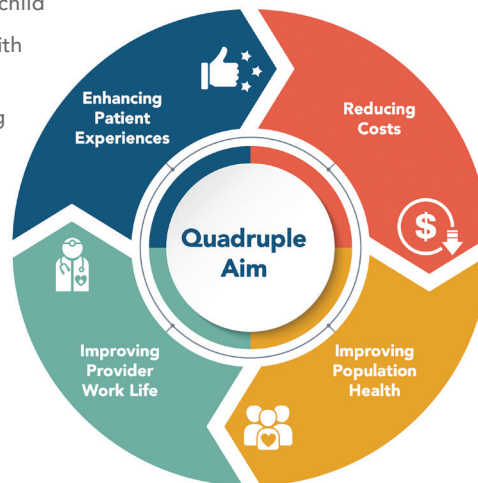

On average, parents log in 5+ times per day

Parents average 3.5 minutes per visit

The AngelEye Value Proposition

- **Supports family-integrated care** by empowering, educating, and engaging families in the care of their child
- **Builds trust between clinician and family** with personalized communication
- **Improves family satisfaction** by recognizing parents as integral members of the care team
- **Encourages family participation** in infant/baby's feeding plan
- **Saves time** by reducing time spent educating families at the bedside
- **Improves care team efficiency** by enabling quick, individualized updates and minimizing disruptions in workflow by decreasing calls from families
- **Aims to eliminate risk** of feeding and preparation errors

- **Decreases length of stay** by supporting discharge readiness
- **Reduces donor milk cost** by supporting Moms Own Milk (MOM) production
- **Decreases readmissions** by increasing family engagement and discharge readiness education
- **Reduces expense** related to staff time, quality oversight, and error/risk litigation
- **Encourages bonding and decreases anxiety** with live-streaming video of baby and frequent updates
- **Supports breast milk establishment and production** with easy access to view baby
- **Supports ongoing family educational needs** by providing resources post-discharge

Support

FOR YOUR INVESTMENT

KEEPING YOUR SYSTEM
UP AND RUNNING IS
OUR TOP PRIORITY

At AngelEye Health, we understand that both staff and parents rely on their AngelEye services to be available when they need them. Our US-based support team is ready to assist when you or your families need help.

Solution Support:

- Our clinical resources provide 'best practice' suggestions and training to ensure successful deployment and adoption of our solutions.
- The AngelEye clinical resources and customer relationship specialists are available to answer any on-going questions and provide retraining to staff as needed.

Hardware Support and Repair:

- Minimizing downtime is our goal. We provide spare cameras at no charge to keep on-site in the event you have a camera that needs immediate repair or replacement.
- AngelEye's hardware comes with a one year warranty. We also offer an optional extended warranty to alleviate the frustration and expense of an unplanned repair.

Network and Technical Support:

- Remote system monitoring enables us to proactively assess your system for network and hardware irregularities.
- Our US-based technical support team is available during business hours to resolve network or technical issues that may arise.

24/7 FAMILY SUPPORT

- Our US-based phone support relieves your staff from the burden of troubleshooting App related issues.
- The AngelEye App has an easy self-service Password Reset option.
- Our comprehensive online library of Frequently Asked Questions (FAQs) and explainer videos make using the system easy.
