

INTRODUCING 6-COLOR DIGITAL PCR

Accelerate genetic knowledge
from precious samples

HIGHPLEX & FLEXIBLE

- 3 or 6-color multiplexing capability
- Wide range of fluorophore compatibility
- Flexible throughput range ~ 4 to 144 samples/day

ACCURATE & SENSITIVE

- Highly sensitive Crystal Digital PCR™ technology
- Simultaneous & absolute target quantification
- Precise detection of rare events

FAST & EASY-TO-USE

- Single pipeting step
- 5-min hands-on time
- Results in less than 3 hours
