

CYACOMB FORENSICS SEARCH TOOLS

A new generation of tools to search devices for illegal images in minutes

“Cyacomb Forensics’ technology has the power to make a big impact in the fight against online child sexual abuse and imagery”

John Clark, President National Center for Missing and Exploited Children (NCMEC), Washington DC

“I ran Cyacomb’s tool against a suspect’s 4TB hard drive. Within 4 seconds I had 10 CSAM hits”

Real world results from CSAM investigations

Benefits:

- ✔ Digitally enabling frontline officers
- ✔ Empowering law enforcement to make quick decisions
- ✔ Significantly reducing risk
- ✔ Eliminating backlog

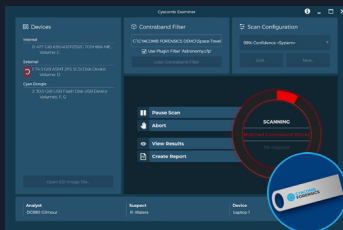

Cyacomb Forensics’ tools allow law enforcement to find evidence of child abuse or terrorist activity on suspects’ computers in just minutes, replacing processes that take weeks or months in a forensics lab.

Our four tools offer rapid digital triage at every stage of the process, from suspect examination to offender management:

Cyacomb Examiner

Is Cyacomb Forensics' flagship forensics tool, intended for users who require maximum control of processing and detailed results.

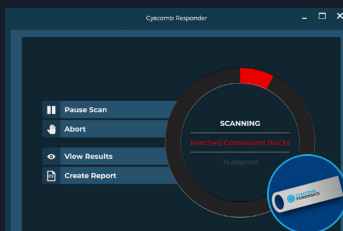

- More experienced/technical users
- Used on-scene and in-station
- Fully configurable by the user
- Some set-up required

Cyacomb Offender Manager

Is a dedicated and tailor-made offender management tool developed closely with feedback from offender managers.

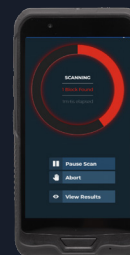

- Designed specifically for OM/field use
- Used on-scene
- Configurable by a supervisor
- No set-up by user required

Cyacomb Responder

Is designed for use by frontline investigators, and has a simplified user interface and rapidly triages devices for illegal content without deep knowledge of digital forensics.

- Designed specifically for use on-scene
- Configurable by a supervisor
- No set-up by user required

Cyacomb Mobile Triage with DATAPILOT 10

Combining all the features of DATAPILOT 10 with Cyacomb Forensics' technology that scans cellphones for known illegal child abuse and terrorism material.

- Cellphone triage
- Used on-scene
- Fully configurable
- Some set-up required
