## Learn How IECA Membership Can Make a Difference in Your Career...

IECA provides you with global networking opportunities, continuing education and industry insights to ensure you reach your full potential as an erosion and sediment control and stormwater industry professional.

### **Networking and Local IECA Chapters**

Studies show industry professionals who take time to meet and learn from colleagues are better positioned to grow. IECA provides you with the ability to connect to a vibrant, active community of leaders who interact through local chapters and events/conferences.

### **Professional Training and Development**

Learn from thought-leaders on today's most relevant challenges through onsite training, as well as live and on-demand IECA webinars on the IECA eHub. And, as a member you can register for IECA-sponsored conferences and events at a discount. Many webinars are offered free to members!

### **Member Resources and Tools**

IECA.org hosts a new online global networking community, career center, buyers' guide and member directory. The IECA Resource Library provides practical regional and international solutions. And, members can take advantage of individual and group insurance products in addition to credit union membership including high-yield accounts, mortgage financing and an IECA-branded VISA!

### **Industry-specific Publications**

Increase your on-the-job effectiveness and stay on top of industry changes. IECA provides industry news and updates through the *Environmental Connection* quarterly magazine and IECA SmartBrief – a twice weekly snapshot of industry news from leading sources.
