

ROCK-LESS
EROSION CONTROL
FOR DRAINAGE AREAS

REAL ESTATE DEVELOPMENTS,
DON'T LET
YOUR ASSETS
WASH AWAY!

InstaTurf® helps prevent surface drainage areas
from becoming a liability.

HYBRID TURF INSTANT ARMOR MATS

Easy to install, easy to maintain, multiple uses...ongoing protection.

CHANNELS, SWALES & STREAMBANKS

Immediate green, grass-like appearance, permanent rock-like erosion protection.

STEEP SLOPES

Prevents erosion and sediment migration into ponds and streams.

OUTFALL AREAS

Rock-free, easy-to-maintain scour protection.

OUR PATENT-PENDING EROSION CONTROL PRODUCTS ARE **UNLIKE** ANYTHING ELSE ON THE MARKET

BENEFITS OF INSTATURF®

- Immediate, rock-like erosion protection, at less than half the cost of riprap.
- Permanently reinforces grass to prevent future wash-outs under heavy stormwater runoff.
- Instant green, grass-like appearance for improved aesthetics.
- Smooth surface with no rocks to mow around or pose safety hazards.
- Job site compliance with stormwater regulations.
- Simple, heavy equipment-free installation; just apply seed to prepared soil and install InstaTurf on top.
- Easy maintenance, simply mow or spray over once naturally vegetated.
