

Veterinary Referral Center

OF CENTRAL OREGON

INTERNAL MEDICINE SPECIALIST

We are a group of enthusiastic pet heroes who go beyond expectations at providing a personalized experience for all patient-guests and their parents. We currently provide dermatology, internal medicine, medical oncology, surgery, and emergency services. Our quality of care and diverse specialty offerings makes VRCCO's team the leaders in advanced pet care for Central Oregon. To improve the experience for our patients and help support our amazing doctors we are currently in the process of building an over 26,000 sq ft facility. Not only will this facility have all the advanced diagnostic and therapeutic capabilities (Endoscopy, laparoscopy, ultrasound, MRI, CT, Fluoroscopy, chemotherapy etc...) it will also have a campus-like feeling for employees and clients with food trucks, beer garden, and an upstairs balcony.

At the Veterinary Referral Center of Central Oregon, we believe that teamwork, superior patient and client care, education, and fun are the secret to a wonderful career. From day one we have known our staff has to come first to make this happen. We are pretty sure we are the first ever, and perhaps still the only, Veterinary Hospital to be Great Place To Work Certified (<https://www.greatplacetowork.com/certified-company/7041336>).

Come see the difference for yourself and be a part of our team. We want to bring in an internist that enjoys working in a team setting, enjoys learning and teaching, and wants to be a part of a non-corporate environment. Not to mention, we happen to be in the most amazing town in the country, Bend, Oregon. It's an outdoor enthusiast's paradise and there is a good reason we all abandoned city life and moved out here. We have more breweries here than I can count. Just do a google search and you will be blown away by the massive amounts of fun things you can do out here.

Perks of the job include:

- Working with a team that won't let you down
- Being at the ground level of something amazing
- A chance to reach your full potential
- Leadership training
- Need we remind you about Bend!
- Seemingly unlimited opportunities to drink craft beers
- Access to amazing skiing, mountain biking, hiking, trail running and beyond
- Enjoy life in one of the most dog friendly cities of the country
- Generous benefits package

If you would like to apply please send your CV to: Matt Vaughan, DVM, DACVIM at mvaughan@vrcvet.com
