

WHO WE ARE

Amatheon Animal Health is a trusted industry leader in the distribution of specialty pharmaceuticals to veterinarians nationwide. Our partners include some of the nation's largest, most well-known consolidated veterinary groups and veterinary group purchasing organizations. We are committed to reducing your cost of providing veterinary care while delivering inventive solutions to every aspect of the pharmaceutical supply chain while offering competitive contract pricing on pharmaceuticals from many of the world's leading brand and generic manufacturers including American Regent, Dechra, Fresenius Kabi, Hikma, Pfizer, Teva, Sandoz and many others.

INVENTORY MANAGEMENT

Our procurement team is dedicated to exceptional product sourcing and availability. Using demand planning and purchasing trends, our team will shift to the forecasted marketing trends while meeting our customer's practice needs. These key market factors are essential to keeping business running at optimal efficiency.

SIMPLE ORDERING

We offer a robust Online Ordering Website that provides customers access to a full line of features and resources, we are also available on VetCove™ as well.

WEEKLY AND MONTHLY SPECIALS

We constantly curate a list of products with significant savings and can deliver it to your practice by just ordering through email or fax. Our customer's information is safe as we don't spam or sell any information to third parties.

C2 VERIFY™

If you prefer a paper 222 form, our C2 Verify™ service is just for you. By sending your pre-filled 222 form to c2verify@amatheon.com, our team of regulatory specialists will review your form and catch any errors thereby eliminating delays.

24-HOUR CSOS ONLINE

The Controlled Substance Ordering System Solution (CSOS) Express 222 helps our customers reduce the turnaround time for their CII medications.
