VETERINARY TECHNICIAN Education & Development

WE WANT U TO BE THE VERY BEST!

Education is the key to staying up-to-date with the latest developments in veterinary medicine in order to provide the very best patient care. Our nationwide family of hospitals and Learning & Development Team provide opportunities to develop and sharpen your abilities, learn new skills, and help pave the way for your career development and success.

Continuing Education

Access to a regional credentialed veterinary technician devoted to providing quality educational content

Advanced Training

Opportunities to participate in advanced training to develop career elevating skills

Mentorship & Career Advancement

Career advancement mentorship, including credentialing, VTS and other specialized certificate options

In addition to these awesome offerings for our credentialed veterinary technicians, we also have great support for non-credentialed vet techs and veterinary assistants, up to and including tuition scholarship opportunities!*

Veterinary Technology Externship Program

UVC's Veterinary Technology Externship Program for students attending an AVMA-accredited Veterinary Technology Program provides hands-on experience and education through clinical applications.

Throughout our array of specialty, emergency, and general practices, students will train with talented credentialed nurses, technicians and assistants while being involved in the day-to-day operations of the hospital.

We encourage and empower our assistants and technicians to consider attending an AVMA-accredited Veterinary Technology Program. We support our aspiring Veterinary Technicians through schooling and Externship Programs with the help of our dedicated Learning and Development Team.

**Tuition assistance is assessed and awarded on a case by case basis.*

Visit uvccareers.com to check out the veterinary technician externship opportunities available to you.
