

Meet the Team

2022 **ACVIM** FORUM HYBRID

JESSICA CERDA

I am the Talent Acquisition Specialist for VHA and I am really looking forward to connecting with Veterinary Specialists from around the country. VHA has so many wonderful developments on the horizon that truly sets us apart from our competitors. I am confident that VHA sells itself on why any Veterinary professional would want to join our tribe and be a part of bending the arc of veterinary medicine. It is my mission to grow our team with the best of the best and put VHA on the map as the number one specialty hospital of choice amongst our patients and veterinary professionals. Is that you? I am excited to share more about VHA with you!
