

# How much are your enteral feeding pumps really costing you?

**There is more to consider than just the purchase price.**

- Do your enteral pumps require routine or scheduled maintenance?
- Does your manufacturer...
  - Provide 24 / 7 / 365 clinical and customer support?
  - Employ trained dietitians & RNs to provide clinical support?
  - Maintain an adequate supply of delivery sets and accessories?
  - Offer 7 day turnaround times for product repairs?
  - Offer live in-person or video training for your staff?
  - Offer self-paced e-Learning opportunities to help train your entire clinical staff?

If you answered 'no' to any of these questions, contact your local Infinity sales representative at **800.970.2337** to learn more about how we can reduce your total cost of pump ownership.

Enteral Feeding Pump  
BY MOOG<sup>®</sup>

# Not just kids' play.

The **Infinity Enteral Feeding Pump by Moog** has been used by both pediatric AND adult tube fed patients for over 15 years.

The first and only truly 100% mobile nutrition delivery system that enables patients of all ages to adhere to recommended feeding regimens and schedules.

Maintains  $\pm 5\%$  accuracy at any flow rate and when operated in any orientation.

Features an intuitive design and interface that can be quickly and easily mastered.

Extremely rugged, does not require any regularly scheduled maintenance, and can be cleaned with warm soapy water.

Capable of delivering a wide variety of today's various formulas.

To find out more about how the Infinity Enteral Feeding Pump can meet both your adult and pediatric needs, contact your local Infinity sales representative at **800.970.2337**.
